Labour Day Holiday Closure

Please note that our offices will be closed on Monday, September 5th for the Labour Day holiday. We wish all of our families a safe and fun-filled long weekend! Our offices will re-open at 8:30 am on Tuesday, September 6th, 2016.

Notes From Cathy's Desk

Cathy Murphy - Executive Director

Citizenship and Immigration Canada (CIC) Reminder (from the CIC web site):

As prospective adoptive parents we recommend you learn about CIC's role in intercountry adoption. The Children's Bridge is not able to influence the CIC process. CIC will complete a thorough review before issuing a permanent resident visa, or a Canadian passport through a grant of citizenship. The length of time a review usually takes can be provided by The Children's Bridge for your adoption program but you must keep in mind each CIC Mission has different processing times and any CIC application can take longer to review if CIC deems it necessary to do so.

<http://www.cic.gc.ca/english/immigrate/adoption/role.asp>

CIC's first priority is to ensure that the child's rights are protected in accordance with our international obligations in adoption cases and our obligations under Canadian law.

In some parts of the world, child trafficking is a serious concern, documentation is non-existent or unreliable, there is evidence of wrongdoing in the adoption system or infrastructure to protect children is limited. In these cases, CIC must take more steps to verify that the best interests of children being adopted by Canadian citizens and permanent residents are respected.

Intercountry adoption procedures put in place by CIC are meant to protect the best interests of the child. These include requiring proof that the biological parents have given their free and informed consent to the adoption before it takes place, and confirming that the adoption follows the laws of both countries.

With respect to children who may be orphaned, it is international policy and practice to try to first find homes for them in their own country before uprooting and placing them in a foreign country. The United Nation's Children's Fund's UNICEF position on cases of children separated from their parents and communities during war or natural disasters is that such children should not be considered for inter-country adoption, and family tracing should be the priority.

Canadians planning to adopt a child from another country must follow their province or territory's regulations for international adoptions and abide by the laws of the child's country of origin. CIC wants to eliminate any shortcuts in the adoption process that could enable unscrupulous people to obtain children for the purpose of human trafficking.

To avoid unnecessary expense and disappointment, adoptive parents should not plan to return to Canada with the adopted child until they know for certain that all immigration or citizenship requirements have been met.

CIC plays no role in the first step of the intercountry adoption process. **The immigration or citizenship process cannot begin until the adoption has been finalized. Once the adoption has been finalized, you can begin the immigration or citizenship process to bring your adopted child to Canada.**

Does an adopted child need a travel document, like a visa, to come to Canada?

Yes. Before bringing your child to Canada, you must apply for the necessary travel document in order for your child to legally enter Canada. The document is either a permanent resident visa, or a Canadian passport through a grant of citizenship. To avoid unnecessary delays and costs, adoptive parents should not plan to return to Canada with the adopted child until they know with certainty that all immigration or citizenship requirements have been met.

If my adopted child's application is refused, what can I do?

The process to appeal the decision is different for the immigration and citizenship process.

Immigration

If your adopted child's application for permanent residence is refused, you may appeal the decision to the Immigration Appeal Division at the Immigration and Refugee Board.

Citizenship

If your adopted child's application for a grant of citizenship is refused, you may apply for a judicial review of the decision to the Federal Court of Canada.

Pre and Post Adoption Events

The Children's Bridge will be hosting the following workshops and post adoption groups in the coming months: Information Session for prospective adoptive parents - August 29th in Ottawa, Ontario, AdopTALK on September 24th and 25th in Newmarket, Ontario.

Ryerson still looking for families! (Southern Ontario)

In the Early Childhood Cognition (ECC) Lab, we are interested in how young children think about the world, and how they learn from different sources of information (e.g., firsthand experience, the testimony of others, media). We offer unique opportunities for families to gain exposure to the science of psychology.

In an ongoing study, we look at the role of ethnic identity in transracially-adopted children's trust in others. Transracially-adopted children may experience a unique developmental trajectory of ethnic identity, which in turn may impact how they weigh information from individuals of different ethnicities, ultimately influencing their trust in others and social learning. Findings of this research will have practical implications in educational and forensic settings.

We are looking for families with transracially-adopted children to help us with this research. If you are interested in having your child participate, please feel free to contact us!

This study is open to transracially adopted children between the ages of 3 - 6 years and only one session of 20 - 30 minutes is required. You can participate at the lab (Ryerson), your home or a local centre. Please contact Kyla McDonald for more info. Kyla.mcdonald@psych.ryerson.ca or 905-706-6215.

Book List and Recommended Reading

Below you will find a list of books related to adoption, race, culture, ethnicity or just every day books that feature kids of colour. I will be adding to the list monthly, and if you have favourite books that you'd like to share, please feel free to email them to me at Karyn.bakelaar@childrensbridge.com.

Keep in mind these books are good for every child to have as part of their library - adopted or not, person of colour or not - as exposure to diversity, different ways to make a family, etc. can only lead to more tolerance and acceptance for everyone!

ACF Adoptions

The Children's Bridge currently has one family in process with our new partner agency, which means we still have 2 available spaces for prospective adoptive families. This program is open to married couples, same-sex couples, as well as single women. Due to the limited options available for same-sex families and single applicants, priority will be given to these applicants.

General Information:

- ACF Adoptions is a not-for-profit adoption agency licensed by the State of Florida since 1992;
- Families must be open to parenting a child from any race or ethnic background, as well as to either gender;
- Prospective adoptive families typically wait anywhere from 12 - 24 months from dossier submission to being matched with an expectant mother
- Adoptive families are chosen by an expectant mother in Florida - families must be open to semi and/or open adoptions for this program;
- Once selected by an expectant mother, the adoptive family will be provided with written information about the prospective child and a cost estimate for the adoption which they may accept or reject;
- Each case has a somewhat different cost due to the variance in living and medical expenses for the birth mother. Counseling is also a variable in some cases;
- Three post-placement reports are required once returning home to Canada. The adoption cannot be finalized until this occurs;
- Finalization of the adoption will be in the Florida court that issued the approval of placement, which the family will attend via teleconference, approximately 6 - 8 months following placement.

Adoption by Shepherd Care (ASC)

The Children's Bridge currently has 2 (two) families in process to adopt through ASC in Florida, USA, and have no families waiting on the call-back list. There are currently five (5) spaces available in the program should a family be ready to begin

the process.

Program Possibilities

- **India** - all ages of children living with HIV are waiting for families, other program requirements may be waived. Please contact Karyn Bakelaar for more information (karyn.bakelaar@childrensbridge.com)
- **Thailand** - Children will be 3+ years at time of adoption, program requirements may be waived, and single applicants (female only) may apply. Please contact the Thailand Program Manager, Darlene Catton, for more information (Darlene.catton@childrensbridge.com).
- **China** - We are currently working with an orphanage in China that is able to place children living with HIV into adoptive families. There are currently two children that are paper-ready and may be able to be matched with a prospective adoptive family through this program. For further information, please contact Cathy Murphy (cathy.murphy@childrensbridge.com)

- **Zambia** - We are currently accepting applications for this program from families that are open to adopting a child aged 4+ living with HIV.

Adoption Program News

Welcome home to Tyler and Erica and their new daughter, Sarah, who arrived in Canada in June! Their stay in Zambia was just over 6-months from start to finish.

I will be compiling much of the information that this family was able to share with me about the process in-country and updating our information booklets over the coming months (mainly our Referral and Travel Guide). I will distribute this to our waiting families once it is ready. For now, I have cut and pasted a few tips and some information shared over the past 6 months about the in-country process.

1) Two clauses in the Adoption Act must be satisfied before the Adoption Hearing (court) can occur:

- Families must foster the child for 90 days (Committal Order);
- Some DSW social workers will also request families complete a bonding period of 2-4 weeks before a Committal Order will be granted.
- You must apply to adopt the child 90 days prior to attending court (Effective Date Letter).
- **Therefore, it is very important that all families file for adoption (File for the Effective Date Letter) as soon as you have the Committal Order.** It is possible that district social welfare offices will not be aware of this process, and say that you must wait until after the Committal/Fostering period has ended, but this is incorrect and will add at least 3-months to your time in Zambia. Be patient but persistent in letting them know that you must apply for the Effective Date Letter as soon as you have the Committal Order.

2) You must have your visa/passport stamped every 30 days while in Zambia, and renew your Visitor's Visa every 90 days. See below for steps to take and items to bring with you each visit. If travelling as a couple, both applicants must get their own visa renewal in person at the renewal office.

30 Day Visa Stamp Process:

- Go to the immigration regional office located in Pension House on Cairo Rd. on the monthly anniversary of your entry stamp (i.e. if you arrive in Zambia on the 15th of the month, go to the office on the 15th of the following month).
- Sign in at the front entrance with your passport information.
- Go to the second floor, the first door immediately on your left at the top of the stairs is the immigration office. If there is no line it takes 30 seconds to get a stamp from the officer at the desk.

Visiting Permit/Visa Renewal Process:

- When you go to get the visa stamp for the second time (60 days in Zambia) also plan to go to the Immigration Headquarters that same day to apply for the Visiting Permit. (you need to apply 30 days before your 90 days is up)
- Immigration Headquarters is located in the Kent Building on Haile Selassie Ave
- Items Required for Visiting Permit:
 1. Application from the Zambian Immigration Website
 2. Certified Copy of Passport Photo & Stamped Pages (we had a certified copy of our passport page that we brought from Canada and then just got a photocopy of our stamped pages and they accepted that) They however don't want the original certified copy, they want a photocopy of the certified copy!
 3. Copy of Committal Order
 4. Copy of Flight Ticket Home
 5. Copy of Invitation Letter from Host (Davern or Rosina at CCASZ) & a photocopy of Host's National Registration Card (NRC)
 6. **TYPED** cover letter stating why you want to stay in Zambia (they will not accept hand-written letters)

7. Two (2) Passport photos (signed by a guarantor - we did this in Canada and brought them with us)
8. K1000 each adult applicant (one order in the amount of K2000 is fine is two applicants) via money order written to "The Director General of Immigration" - This can be done at Investbank across the street from Arcades behind the fuel station. Not all the banks will give you one if you don't have a bank account, but Investbank does, just bring the K1000 (or K2000) in cash.
9. Children are listed on one of the adults' passports so you don't have to apply for a separate one for them, but do bring a passport photo for the children.
10. Everything is to be a copy, they don't want originals. You can bring originals as back-up in case asked for, however.

- This process may take some time and patience. Please be persistent and yet calm and patient when dealing with officers at the Immigration Headquarters.

3) Families should bring several full copies of their adoption dossier with them to country, and they will be needed to submit at several points throughout the adoption process.

4) The immigration/citizenship process is now being completed through Dar es Salaam in Tanzania. More details will be shared with waiting families once they are known.

Feeling the Olympic Spirit! Call out to Canadian Korean-Adoptee hockey players - Gathering interest for South Korea, Winter Olympics 2018

Dear Families,

Mike Lafond, a CB Korean parent, is looking for CB families interested in participating in a "Hockey Cultural Exchange" trip to Korea during the 2018 Winter Olympics (hosted in South Korea).

Please see message below from Mike. If you are seriously interested or would like more information please email him directly as noted below. He's looking to receive replies by early September 2016.

"Hi:

My name is Mike Lafond. My wife Laura and I adopted our son Russell in 2004. He is now 13 and playing A/AA Rep hockey as a goalie. We live in Woodstock. I have a crazy idea that I am looking for participants for.

I had the idea that it would be really cool to put together one or two teams of Korean adoptees to go over there around the time of the Olympics to spread the Gospel according to St. Sydney. I figure if there are enough participants that one team would be Atom/Peewee, and the other team Bantam/Midget, boys and girls welcome. I think 7 to 10 days would be about the length of this and there will be a need for coaching staff. I have only house league qualifications.

There are only about 2100 people playing hockey in Korea. I expect most are in Seoul. I would see this as a "Cultural Exchange". Our teams could run clinics for the local teams and then play against them.

We just returned from a Motherland tour in which I had the opportunity to meet and talk to the Canadian Ambassador Eric Walsh. He indicated that there was already some planning going on around an idea like mine, and he encouraged me to pursue the idea. I suspect the planning in Korea was not focused on adoptees, however since I have brought this idea forward that might change. He indicated that by the fall plans would be more solid and that should I get support at this end

that I should contact him with the results.

Quick estimates of the cost would be around \$200000 for 40 people. Getting sponsorship is a must. According to Mr. Walsh if this idea gets tied to the Olympics then sponsorship is limited to official Olympic sponsors, so I think it would be best to avoid that tie. I think large corporate sponsor(s) will be the order of the day and I don't think there would be an issue getting media coverage here and over there. Our Motherland tour was covered on KBS. I have also been given the suggestion that any town that has a OLG casino of any size has an obligation to support local causes. A person on the Motherland tour mentioned that he had secured \$25000 to send an athlete to Italy for a competition.

Please respond directly to me with your child's information.

Mike Lafond

steamfoamer163@gmail.com

I know people are away at this time of year, but I would like to see early/mid September as the deadline to contact me. Given that I have no idea how many people will respond to this, at this time I can only say all levels of play are welcome. If the response is underwhelming then perhaps only one team, if on the other hand.... perhaps more. I really have no idea what I am going to get."

Welcome home!

Good news from SWS this week! Ready to Travel was received for one of our families. They are so very thrilled about making their second trip to Korea to receive their son. Their referral was received early August 2015, EP approved March 9, 2016, Court date April 28, 2016, Confirmation of Permanent Residence received by SWS August 23, 2016.

Court dates

The timeline from referral acceptance until travel for court has been a bit unpredictable. Some families who travelled in April waited about 6 months between their referral acceptance being sent back to SWS and receiving the news that they had a court date. However, the most recent families have waited or are waiting 10 to 12 months between referral acceptance and court dates. Remember that timelines are not guaranteed and this period of waiting is understandably challenging for most families.

Two court date notices for early September and one for the end of September were issued recently and the families are over the moon about finally travelling to Korea to meet their children and attend court. Referral acceptances for these two families were sent to Korea in early November and December 2015.

Updated information on what to expect at the court hearing

Below is some information from SWS regarding what to expect at the court hearings in Korea. We hope that all families will feel prepared as they attend court for the finalization of their adoption, and encourage all families to review the questions below and how they would answer each one. Families will either attend court on a Thursday or Friday, and SWS has compiled some questions that families have been asked by each judge. We advise that families should prepare themselves for all questions regardless of which day they attend court.

The following are questions that we were told have been asked by the Thursday judge:

1. Did you meet with your prospective adoptive child? How was it? How did the child do?
2. If you have a child/children, does he/she/they know about this adoption? How did he/she/they respond?
3. After meeting with the prospective adoptive child, was there any change in your decision to adopt?
4. Questions about the occupations of the parents
5. Who is going to be the primary caretaker?
6. How are you going to raise your child (your parenting plan)?
7. What is your motivation to adopt from Korea? Is there any community around you or your neighborhood that can support your adoption?
8. How long has it been since you first applied for adoption?
9. When were you matched with your child? Or how long has it been since the matching?
10. Was there any difficulty in pursuing the adoption process?
11. Lastly do you have anything to say?

Friday judge:

During Friday court hearings, the judge asks questions based on the homestudy and psychological evaluation. Reviewing your own homestudy and psychological evaluation report beforehand would be very helpful.

When you answer the judge, you should be looking at him/her, not the translator, although he/she may not be able to understand what you say. And please smile! Don't be nervous! You just show how much you love your child and just be truthful!

Information on adopting a 2nd child from South Korea

We have received information recently from SWS about families that are interested in pursuing a second adoption from South Korea. The Ministry of Health and Welfare has agreed to accept families who are under the age of 50 at time of placement

for second adoptions, or for first adoptions if the family is of Korean heritage or an adult adoptee.

Prospective adoptive parents would be required to receive special permission regarding their age in advance. If a family is interested in completing an adoption and is over the age of 45, SWS will ask the Ministry for permission before the family can proceed.

The conditions in which the upper age limit for adoptive parents may be 50 at time of placement are as follows:

- Both parents are of Korean heritage, OR
- Either parent is an adoptee themselves (of any heritage), OR
- Parents (of any heritage) already have previously adopted a child from Korea.

Due to the approximate time frame for adoptions from South Korea, SWS has informed us that they would require the family's dossier before they turn 48.

If you meet these requirements and are interested in adopting from South Korea, please do not hesitate to contact me for further details.

Adoption Order Finalization and Confirmation of Permanent Residence

Historically, the estimated time for COPR issuing is 4 to 6 weeks after Manila receives paperwork from SWS. However, recently some families have waited closer to 12 weeks for the visa to be issued. SWS will send the immigration paperwork to Manila approximately 1 week after the confirmed adoption order has been issued as there is translation required. SWS will inform us when a family is ready to travel for the second trip once they have received the COPR at SWS, not when Manila says they have issued it as we do not want families waiting in Korea for an indefinite and longer stay where costs can accumulate for the family.

APPLYING FOR CITIZENSHIP WITHIN 30 DAYS OF ARRIVING IN CANADA:

Families who have returned home must complete the application for Canadian citizenship for their child within 30 days of arriving home. All of the children adopted from Korea will be returning to Canada as permanent residents and therefore families will need to apply for citizenship as it is not automatically granted to internationally adopted children.

A copy of the completed application should be scanned and emailed to our agency and I will forward to SWS. The family court in Seoul will not issue Adoption Orders if families do not comply and apply for citizenship. Not applying for citizenship will affect all families in process waiting for their Adoption Order.

Please note that CIC has updated their website and their forms as of June 2015. The current citizenship application that should be completed by families when they return home is found here:

<http://www.cic.gc.ca/english/pdf/kits/citizen/CIT0003E-2.pdf>.

If you have any difficulties, we suggest that you contact CIC to ask specific questions about your application.

Adoption Program News

Welcome home to Jill, Vinesh and their son who arrived home this week!

Families with Referral/Travelling

FAMILY	DOSSIER TO THAILAND	REFERRAL REC'D	DATE OF TRAVEL
V & J	December 11, 2012	December 17, 2015	August 5, 2016 (TRCCH)
M & M	March 14, 2014	June 21, 2016	November 2016
J & A	November 21, 2013	July 11, 2016	TBA (TRCCH)

There are 8 families whose files are in Thailand waiting for a proposal (4 from Ontario, 2 from Nova Scotia and 1 each from Newfoundland and Alberta). The next family (H & L) to receive a proposal has a log-in-date of March 2014.

Within this group, there is also a family waiting who are in the Waiting Children Program. We know their file will be expedited but don't know by how much.

There are 6 families working on their dossiers and I hope to send 4 of these to Thailand this year.

Ministry

The Ministry is taking up to 16 weeks to approve a home study or home study update.

The Ministry has advised us that they have hired more staff so we expect to see this long approval timeline shortened considerably.

Waiting Children Program

If you are interested in adopting an older child (over 4 years of age), this does not fall in the same quota for mainstream adoptions. Please contact me to see if you qualify. The requirements for families adopting older children are not as restrictive (for example, the age of the adoptive applicants and/or other children in the home could be amended) so please contact me for more information about this.

There are many children in Thailand with special medical needs that are waiting for families. If you are interested in this program, please contact me for more detailed information.

Travelling outside of Canada (before adoption finalization)

When you come home with your child and you want to travel with him/her outside of Canada, you are required to obtain a Statutory Declaration from our office to travel since the adoption is not finalized. The Children's Bridge is the guardian of the child until the adoption is finalized. Finalization happens approximately 1 year after you arrive home. Please contact me if you are travelling outside of Canada. Children travelling to the US before finalization need to obtain a US visitor's Visa as they are not Canadian Citizens. Please call your local US consulate for further details.

Immigration Sponsorship

Please ensure that you have applied for Immigration Sponsorship approximately two years after your dossier has gone to Thailand. Timelines have become a little unpredictable and we want to make sure that you have been approved to sponsor well before a referral is received. We have just learned that Immigration Sponsorship approvals expire after 2 years and so we have changed when you apply for this.

Citizenship and Immigration 1-888-242 2100

<http://www.cic.gc.ca/english/information/applications/family.asp>

Once you submit this to immigration you will receive a letter with a UCI # and Application Number on it. Please note these used to be called Kit and Client ID #. Please email this number to me and/or scan and email me a copy of the document. Keep the package that CIC sends to you in a safe place, as you will need to take it to Thailand with you. Immigration paperwork must be completed well before you receive your referral.

The Children's Bridge will not be accepting any new applications for our Jamaica Adoption Program. Our staff and Board of Directors have decided that The Children's Bridge will not reapply for a Jamaica adoption license this fall and we will be closing this adoption program. We currently have no families in process to adopt from Jamaica. The Child Development Agency (CDA) is the Central Authority in Jamaica in charge of all international and domestic adoptions in Jamaica.

Please be advised that I am on vacation and will be back in the office on Wednesday, September 7th.

Finalization in country

We currently have one family in India who are at the final stages of their adoption process in-country and are hoping to return to Canada with their child soon.

Most families in the India program will go through the citizenship process with CIC and the final stage, applying for citizenship after the adoption order is issued, has taken up to 2 months for some families. Each family has a slightly different process and we will do our best to assist families through this stage.

Relinquishing Indian Passport and Renouncing Citizenship

Once families are home in Canada with their children, they must complete a formal process renouncing Indian citizenship (dual citizenship is not possible in this adoption program). This **must** be done within 3 years of receiving Canadian Citizenship (or Record of Landing if you complete the Permanent Resident Visa route). It is **very important** to complete this step, as failure to do so may result in penalties when your child travels back to India at any point in their life. It is a punishable offence under the Indian Passport Act, 1967, to apply for an Indian passport, continue to hold an Indian passport, get an Indian passport re-issued or travel on an Indian passport after acquiring foreign citizenship. Under Indian law, Persons of Indian Origin (PIOs) who have acquired foreign citizenship are required to surrender their Indian passports to the nearest Indian Mission/Post immediately after acquisition of foreign citizenship.

Please see this link for more information on relinquishing Indian citizenship and relinquishing your child's Indian passport: http://www.blsindia-canada.com/renunciation_ppt.php

Foreigners Regional Registration Office and NOC

There has been a new requirement put in place by the Indian government that all families must obtain a "No Objection Certificate" (NOC) from the Foreigners Regional Registration Office (FRRO) before you bring your child home from India. This is also a requirement for adoptive parents who hold OCI status and will travel on a Canadian passport. This NOC is essentially an exit permit and families will need to apply for it at the FRRO before departing India.

The adoptive parents are advised to first contact the FRRO office to request an appointment date and bring along with them the printout of the online application form and relevant documents pertaining to their adoption. The exit permit(s) shall be granted within three working days after submission.

I am happy to provide travelling families with more detailed information about this process once they are at this stage in their adoption process. **Please note:** It is highly recommended that all families travel to Delhi in order to apply to the Delhi FRRO office. The Delhi office is more familiar with the process and has been able to keep to the 3-day turnaround time. As well, the CARA office is close in proximity, which means documents that are needed can be accessed in person and in a timely fashion by the adoptive family or the FRRO officers.

CARA has advised that parents can contact the FRRO support desk by telephone at 91 11 2671-1443 or by e-mail at frrodli.support@nic.in OR frrodli.support@gov.in for assistance in obtaining this document.

The address for the FRRO office in Delhi is as follows:

Foreigners Regional Registration Office
East Block VIII Level II,
Sec 1, R K Puram, Delhi - 110066
+(91)-(11)-26711074, 26711384, 26711443, 26711348

Citizenship process - part 1

The citizenship process through CIC is now taking up to 12 months for families to be approved for part 1. Because of the lengthening timelines, it is important that families apply to CIC at the very beginning of their adoption process to ensure there is enough time to be approved before receiving a referral from their orphanage so that there will not be a delay when accepting a referral/finalizing the adoption process.

If you have questions about the application process, please do not hesitate to contact me. Once an approval by CIC for part one is received by the adoptive parents, a copy should be emailed to me for your file.

CARA is now accepting families for both their mainstream program and their special needs stream. Most children are over 3 at time of referral, and they have still emphasized the need for families for older children. There are many older children waiting for families in India so CARA is able to match families fairly quickly who are open to children over the age of 7 or 8 years old.

If you would like any information about the India Adoption program, please contact me at 613-226-2112 ext. 2, or at Karyn.bakelaar@childrensbridge.com.

CCCWA

At this time, we only have six families remaining in the mainstream/expedited China program. Due to the unpredictability of the program, we are unsure when they will receive a proposal.

It seems that the CCCWA are still matching families whose files were registered in January 2007.

Citizenship and Immigration Canada (CIC):

If you have applied for direct citizenship (as opposed to immigration sponsorship), please remember that your application is only valid for 2 years. If you are close to expiry, you can simply write them a letter asking for an extension.

Applying for Citizenship

Once home, everyone will have to apply for citizenship (in some form) for their child. There are two ways to apply for citizenship now. One would entitle Canadian citizenship to your child's future children should they be born outside of Canada, the other application wouldn't. This new system has caused much confusion for families and even CIC don't always give the correct information.

It's critical that you complete the correct form. If you applied for direct citizenship, you will apply for a citizenship certificate (<http://www.cic.gc.ca/english/information/applications/cit-adoption.asp>).

If you applied for immigration sponsorship (therefore your child entered Canada as a Permanent Resident), you will fill out a citizenship application (<http://www.cic.gc.ca/english/information/applications/guides/CIT0003E2.asp>).

If you are unclear, please call CIC and explain that you would like to apply for his/her Canadian citizenship at this time. You would like to apply to ensure that if your child was to have children while living outside of Canada, that their children will be granted Canadian citizenship status.

If you have applied for citizenship (to the wrong process) but it has not yet been granted, you can call CIC to stop the process and switch to another. This cannot happen if citizenship has already been granted.

It generally takes less than a year to receive citizenship.

If you do NOT apply for citizenship, your child remains a Chinese citizen, cannot vote, cannot hold certain jobs and can be deported. As well, you cannot apply for a passport unless you have citizenship.

Welcome home to the Canham family who arrived home with their son this week!

All of our families in the WC China Program must to be open to adopting a boy or a girl as there are equal numbers of boys and girls in this program waiting for families. Our goal as an agency is to find the right family for a waiting child.

Families considering our WC China Program must be open to considering a variety of special medical needs keeping in mind cleft lip and cleft palate continues to be the most common special medical need in our program. The children waiting for families in our WC China Program are toddlers and preschoolers. On average the boys have been between 2-3 years of age and the girls between 3 -5 years of age at time of referral.

Our WC China Program is currently full and we will not be accepting new families into the program until late fall 2016.

We currently have 23 families in process in our WC China program. From referral/proposal to travel is approximately 4-6 months.
