THE CHILDREN'S BRIDGE ORGANIZATION

The Children's Bridge is a non-profit international adoption agency that was federally incorporated in 1994. To date the organization has assisted over 4,500 families to successfully adopt children internationally.

The Children's Bridge organization has widespread knowledge of provincial legislation and adoption procedures. As well, the agency has facilitated adoptions for families in all provinces across Canada, except for Quebec. It has the expertise to help Canadian families, in and outside of Canada, to adopt internationally.

In considering the addition of a child to a family through adoption, several decisions must be made. The first, and most obvious, is if adoption is right for your family. Discussion with other adoptive families, professionals and adoption agencies should help in this task.

Once a family has made the crucial decision to adopt, the next steps are: arranging for the completion of a home study, selection of an agency to assist with the adoption and completion of an adoption file in province and of an adoption dossier to be sent overseas.

This detailed information package is designed to help families determine the best choices for them.

The Children's Bridge Staff

The Children's Bridge employs staff both in Ottawa and Toronto. Many of the staff are adoptive parents and/or adoptees. For a complete listing of staff including Program Managers, please visit our website at www.childrensbridge.com.

The Children's Bridge receives its legal counsel from CCY Family Law in Ottawa.

Board of Directors

Our Board of Directors is comprised entirely of volunteer parents who have adopted children through The Children's Bridge. The Board of Directors provides The Children's Bridge with a solid business framework as well as managerial expertise that ensures the highest standard of adoption programs.

Regional Coordinators

Regional Coordinators are volunteers who provide local pre and post adoption support services for prospective adoptive families and adoptive parents. As well, our Coordinators assist at information sessions, organize special events and coordinate playgroups and other local functions.

SELECTION OF AN ADOPTION AGENCY

With few exceptions, Canadian families who undertake an adoption from another country must work through an adoption organization/agency. The Children's Bridge is committed to providing our families with quality service focusing upon meeting their needs at every stage of the process.

Given the very nature of international adoption, it is absolutely essential that you receive a high level of support and quality service from the agency that you choose. Adoption agencies vary greatly in the number, availability and quality of pre and post adoption services that are offered. Each family has its own individual needs and it is important that the agency you choose meets these needs during the adoption process and throughout your child's life.

The agency assists you with paperwork, travel arrangements and, more importantly, pre and post adoption support services. There are significant differences in the process and facilitation of international adoptions that have an

impact on how smoothly and efficiently your adoption proceeds. We encourage families to explore each adoption agency carefully and offer some criteria to assist in your selection (see the document “Questions to ask a Facilitator” located on our website).

Experience, Credentials and Support Services

We recommend that you explore the levels of staffing in the agency, availability of help and support before, during and after your adoption, the experience of the agency in terms of number of adoptions completed and the potential for interaction with other families past and present.

Adoption Logistics

It is important that you are clear on anticipated costs as well as how the agency manages its resources. Check time lines for your chosen program and keep in mind that time lines do not vary by agency, but by program. It is also wise to check on the agency’s legal, cultural and support services.

Travel

The arrangements made for you to receive your child are crucial. Please investigate all aspects of this part of the process including information you receive on the child, preparation for the trip, accommodation, costs and in-country support services. For most of our programs, The Children’s Bridge chooses to use the expertise of skilled adoption travel guides for our families and we will make all of these arrangements for you.

PRE AND POST ADOPTION SERVICES

The Children’s Bridge is committed to providing quality pre and post adoption services that are focused on assisting families throughout the entire adoption process. These services range from helping you choose a program to providing post-adoption services for your family after the adoption is completed. The following are some of the support services currently offered at various locations throughout Canada:

Information Sessions – designed to address specific questions or concerns regarding the adoption process. These free, detailed sessions are organized in a presentation format with a question period and are intended to help you assess the agency’s services and decide on the most appropriate program for you.

Family Gatherings, Playgroups, Kids and Teens Clubs – offered to provide an opportunity for children to get together in a child friendly environment and interact with other children whose families are similar to their own. They also allow adoptive parents to network with other families and share information and stories. For prospective adoptive parents, these events are a great chance to meet and learn from the experiences of other families who have adopted using The Children’s Bridge.

Guest Speakers and Special Events – The Children’s Bridge holds several special events each year at various locations. These events include:

Networking, Picnics and Special Events:

Holiday Celebrations

What Your Family and Friends Need to Know about Adoption

Playgroups

Connect-A-Kid Mentoring Program

Educational Seminars/Conferences:

Adoption/Adoptee Panel

Keynote Speakers

Homeland Visits (China, Vietnam, South Korea)
Kids Like Me Workshop (children aged 6 – 12)
Kids are Great! Puppet Show
Talking to Your Child about Adoption
Connect-A-Kid (Ottawa)
AdopTALK – An Adoption Parenting Workshop (see details below)

On-line Services - The Children's Bridge has an excellent website (www.childrensbridge.com) that contains detailed information on programs as well as dates and information on upcoming events and information sessions.

The Children's Bridge also offers a specific Member's Website that is password protected. You will receive the username and password upon receipt of your membership fee. The site is dynamic in nature and is a great source of timely information and updates. It also contains links to a vast number of resources including other websites and recommended reading materials.

Post Adoption Consultation Service - The Children's Bridge is pleased to offer our Post Adoption Consultation service for adoptive families that includes: scheduled telephone/skype call, email correspondence and identification of resources specific to the needs of the family, child or youth or the country the child has been adopted from.

The fee for consultation is \$75.00 per hour.

Please note that this fee is not charged for our initial 6 months post adoption follow-up call when The Children's Bridge families are first home from country with their child.

To book a Post Adoption Consultation, please contact Karyn Bakelaar or Darlene Catton.

Information Services - The Children's Bridge is pleased to provide our clients with comprehensive information kits and workshops to help guide you through the adoption process. Some of the information we provide includes:

- Adoption Package - Upon completion of a consultation call and receipt of your membership fee, we will send you a detailed package about the country that you have chosen. This package includes all of the documentation necessary to compile your adoption dossier, a cost breakdown as well as references to resource materials.
- AdopTALK – An Adoption Parenting Workshop – This is a mandatory workshop that all first time applicants MUST attend, in person, in either Toronto, Ontario or Ottawa, Ontario. Designed to prepare adoptive parents to manage the challenges of becoming first time adoptive parents and to increase their ability to parent proactively and positively, this workshop will include the following components: Coming Home, Health Matters, Bonding and Attachment, Transracial Issues in Adoptive Families, Talking to Your Child about Adoption and Journey of a Lifetime – Trip Preparation.
- Adoption and Parenting Resource Kit (DVD format) – Our Resource Kit was designed as a tool for adoptive families. We have compiled over 400 articles from a variety of authors and sources to provide you with a wide array of information on a broad range of adoption and parenting topics. The Kit includes two resource books relevant to your particular adoption and two children's books. Also included is a fantastic DVD featuring Dee Paddock. Second time adopters will receive a parenting resource package that includes adoption books and a DVD.
- Immigration Information – Once your adoption dossier has been completed and submitted to your country of choice, you will receive instructions on how to complete the immigration portion of the adoption.

- **Travel Guide** – This is a detailed guide outlining the travel portion of the adoption process. Information ranging from costs, accommodations and detailed itineraries to restaurant and shopping recommendations are contained in this package.

You will also receive the following publications to keep you up to date on the agency, its programs and the status of your file.

- **Monthly Update (This Month at a Glance)** - This is a much-anticipated update written by the Executive Director and Program Managers. It includes information on file status, program development and regional events. This Month at a Glance is sent via email every third Friday of the month.
- **Newsletter** – The newsletter is a composition of articles, letters and other publications written by staff, adoptive parents and other professionals. This newsletter, produced entirely by volunteers, is published quarterly and will be sent to you upon receipt of your membership fee.

THE HOME STUDY

No matter where a family lives in Canada, or from where they adopt, locally or internationally, a home study is required. The home study will follow the S.A.F.E. (Structured Analysis Family Evaluation) format.

A home study consists of a series of interviews (4-5 sessions), a written report by an Adoption Practitioner (social worker) and supporting documentation such as references, police checks and medical reports. Your Practitioner will advise you of all required paperwork, usually at your first meeting. He/she will meet with you a minimum of four times with at least one visit taking place in your home (in most provinces). While it may feel a bit intrusive, the home study is not a process to fear. The Practitioner’s primary role is to inform and educate you about adoption.

In Ontario (and some other provinces) families must also complete PRIDE (Parent Resources for Information Development and Education) training as part of the home study. Some provinces also have other adoption training requirements. Please check with your provincial authority for their particular requirements.

Visit <http://www.adoptontario.ca/home> for a complete listing of upcoming PRIDE workshops in Ontario or contact your local provincial government for a schedule. As well, PRIDE is now offered on-line through OACAS.

Arranging a home study varies from one province to another. In Ontario you can begin with the agency or with an approved Adoption Practitioner (there is a link on our website of approved Practitioners). In most other provinces begin by contacting your provincial adoption authority listed below.

Upon completion of the home study, the Practitioner will forward the report (in Ontario, the completed report is forwarded to the agency for review and then on to the Ministry of Children, Community and Social Services for their approval. This approval process takes anywhere from a week in some provinces to 16 weeks in others (this time line is an approximation only).

There is a fee charged for the home study. Clarify costs and to whom monies are owed at the outset of the home study. This too varies from one jurisdiction to another.

PROGRAMS

The Children's Bridge is pleased to offer you information on the programs that we are currently licensed to facilitate adoptions from.

Please review the outlines of each of the programs on the following pages to determine the country that best suits your situation and family. You may want to refer to the chart "Countries at a Glance" (in this package) for further consideration.

As well, we suggest you check out our website, www.childrensbridge.com regularly for updates on existing programs and information on exciting new programs.

NEW COUNTRY LICENSE APPLICATIONS

The Children's Bridge researches new possible international adoption programs and once a license is completed, new programs will be announced on our web site.

GENERAL INFORMATION

Health issues must be researched as the health of the children cannot be guaranteed in any of our adoption programs. All of our families are required to attend our AdopTALK parenting series that includes a workshop on health issues that is presented by a practicing physician. Potential health issues that are covered and that you should also research include: malnourishment, effects of institutionalization, Hepatitis, HIV, developmental delays, learning disabilities, fetal alcohol spectrum disorders, physical and sexual abuse and sleep and emotional issues.

Timelines – Every program has a different timeline – be prepared for a minimum of 2 years. Timelines can change at any time and those in this package are estimates only.

Callback Lists – Some countries only allow us to submit a specific number of files each year. If this number has been met, the Program Manager may choose to keep a callback list.

To maintain a position on a list you need to:

- Contact Program Manager to obtain a position on a list
- Have an active CB membership
- Pay an annual fee of \$100 for each list you are on

Concurrent adoptions – Due to the long timelines in the China program, most provincial ministries are agreeable to a family having a file in China while completing a domestic adoption providing certain criteria are met. Few provinces will allow two international adoptions to be completed simultaneously.

Placement of Children – Every provincial ministry has a guideline on the ages and placement of children (i.e. your birth child is 12 months old and you are expecting a referral). Please check with your ministry prior to proceeding with an adoption if you are unsure of these guidelines. The Ontario Ministry of Children and Youth Services require that there be **18 months** difference in the ages **AND** placement of children in the home.

Fostering while in the process to adopt is generally acceptable by most provincial ministries and some countries. Families should speak with their provincial coordinator **and** their Program Manager **BEFORE** proceeding with the foster care program.

Hold Policy - Applicants may choose to put their file on hold for up to 12 months.

Requirements listed for each country are established by the individual countries and are not those of provincial Ministries or The Children's Bridge. All requirements must be met or a file cannot be submitted.

Please contact the Program Manager of the program you are interested in **prior to proceeding** with any program to schedule your consultation call/meeting, obtain updated information, costs and a current timeline.

FLORIDA, U.S.A. ADOPTION PROGRAM

ADOPTION BY SHEPHERD CARE (ASC)

Program Manager: Karyn Bakelaar, 613-226-2112, Ext. 2
E-mail: karyn.bakelaar@childrensbridge.com

General Information:

- The Children's Bridge is working in partnership with Adoption by Shepherd Care (ASC), based in Florida.
- Adoptive family is chosen by an expectant mother/father who wishes to make an adoption plan for their child.
- Children are mainly of African-American descent. To a lesser extent, children who are ethnically biracial, Hispanic and/or Caucasian are sometimes placed for adoption. Families **must** be open to accepting a child of any racial background.
- Infants are placed with adoptive family approximately 10 – 14 days following the birth.
- Adoption is finalized in Florida approximately 6 – 8 months after placement. Family does not need to travel to Florida for finalization, but must be present for the hearing by phone in the presence of a Notary.
- Children will maintain dual citizenship and annual tax returns must be filed annually by the family for the child.
- Time from dossier submission in Florida to receiving a proposed match is *approximately* 9 – 18 months.
- Applicants must be open to semi-open adoptions, as, at a minimum, they will be required to exchange pictures and letters with the birth family through the agency until the child reaches 18. Some situations may allow for more openness.
- Applicants will complete a comprehensive checklist outlining various situations they are open to (i.e. some alcohol use by the birth mother, history of mental illness, unknown birth father, etc.).
- Children with various special needs are also available (i.e. Hep C, HIV, prenatal exposure to possible substance abuse, etc.).
- 3 post-placement reports, completed by an Adoption Practitioner are required during the first 90 days home in order to finalize the adoption.
- Adoptive families will have the opportunity to meet the birth mother/family after the birth of the baby in most situations.
- In some cases, infants will reside in an interim foster home until placement occurs with the adoptive family.

Requirements:

- Applicants must be over the age of 25 and no older than 52 years old when their dossier is sent to Florida.
- This program is open to married couples only. Couples must have been married for a minimum of 1 year by the time their dossier is received in Florida.
- Applicants who are living common-law, are same sex couples or single applicants are not eligible for this program.
- Applicants must be in sound physical and emotional health. Adoptive applicants must be free of major mental illness such as bipolar disorder, schizophrenia and obsessive-compulsive disorder.
- Applicants must be open to signing an "Exchange Agreement" with the potential birth family. Almost all of the adoptions will be considered, at a minimum, "semi-open", in that letters and pictures will be exchanged through the agency and available to birth family until the child has reached the age of eighteen (18).
- Some situations may allow for more openness such as prenatal doctor visits, face-to-face visits between the child, adoptive family, and birth family, depending on the specific situation and birth mother's desires/needs.
- Priority is given to applicants who are childless, have known infertility issues, are experiencing secondary infertility or have previously adopted through ASC.

- Family must possess a stable financial portfolio.
- At least one member of the couple **MUST** be a Canadian citizen.
- Both adoptive applicants must be free from criminal record.
- Families must be open to accepting a child of any racial background.
- This program is open to **residents of Ontario** only at this time.

Process:

- Complete consultation with Program Manager – either retain a space in the program or on the callback list, depending on availability.
- Submit ASC's preliminary application form.
- Completion of home study, PRIDE training and approval in province.
- Compile dossier and family profile booklet.
- Once approval is received and dossier has been compiled, all is notarized and submitted to ASC in Florida.
- Proposed match received and reviewed.

Timelines:

- Completion of home study (average time 3 – 6 months).
- Approval in province varies from 4 – 16 weeks.
- Processing of adoption dossier averages 4 – 6 weeks.
- Review of dossier to placement on “active list” in USA averages 1 – 3 months.
- Wait for proposal approximately 9 – 18 months.
- Travel to Florida approximately 10 – 14 days after birth.
- One trip of 7 – 14 days is required.

HIV + KIDS ADOPTION PROGRAM

Program Manager: Karyn Bakelaar, 613-226-2112, Ext. 2
E-mail: karyn.bakelaar@childrensbridge.com
Web: <http://www.childrensbridge.com/pages/hivandkids.html>

General Information:

- The HIV+ Kids Adoption Program is run in conjunction with many of the adoption programs The Children's Bridge facilitates adoptions from. Some of these programs include (but are not limited to): India, Florida, China and Zambia.
- Families in process to adopt an HIV+ child from other Canadian adoption agencies can also access the supports and resources the HIV+ Kids Program offers for a small one-time fee.

Considerations:

- Some countries have less stringent requirements if the adoptive families is open to special needs – check with the Adoption Program Manager of the country you hope to adopt from to see if this applies to your situation.
- Families must live within driving distance, or be willing to make frequent trips to, of a major centre that offers specialized pediatric HIV/AIDS care and support
- Many private drug benefit companies cover ARV's and other necessary care. Other resources on provincial drug benefit programs can be found at: http://www.drugcoverage.ca/p_benefit_on.asp#1

Programs:

- **India** – all ages of children living with HIV are waiting for families - some program requirements may be waived. Please contact Karyn Bakelaar for more information at Karyn.bakelaar@childrensbridge.com.
- **China** – we are currently working with an orphanage in China that is able to place children living with HIV into adoptive families. For further information, please contact Karyn Bakelaar at Karyn.bakelaar@childrensbridge.com.

Supports:

- Lending Library – Members have access to resources stocked in The Children's Bridge Lending Library such as books and articles on issues such as: Pediatric HIV treatment and care, Disclosure and Confidentiality, Childcare and HIV, etc. For a complete list of resources on HIV please email Karyn.bakelaar@childrensbridge.com
- Mentoring Program – This mentoring program is currently under development but aims to link families who are already parenting children living with HIV with those who are in the process.
- Access to educational courses and online support forums

Process:

- Attend a Children's Bridge Information Session (<http://www.childrensbridge.com>)
- Become a Member of The Children's Bridge;
- Request a copy of the HIV+ Kids Adoption program Booklet
- Choose a country program that you would like to adopt from and that you meet all of the requirements for.
- Read, research and make connections! If you would like more information or additional resources regarding adopting a child who is living with HIV, please contact the HIV Program Manager, Karyn Bakelaar, at karyn.bakelaar@childrensbridge.com .

➤ Set up a time for your screening phone-call. All families considering adopting a child with special needs must first set-up a screening appointment with the HIV Adoption Program Manager, Karyn Bakelaar, at karyn.bakelaar@childrensbridge.com, as well as the Program Manager from the country from which they wish to adopt. The purpose of this phone call is to:

- ✎ To discuss the implications of adopting a child with special needs;
- ✎ To ensure adoption, and more specifically special needs adoption, will be a good fit for your family;
- ✎ To provide you with additional resources and information you may require before choosing to proceed;
- ✎ To begin the screening process you must hold a current Children's Bridge membership;
- ✎ Ensure you meet the requirements for the country from which you hope to adopt, Canadian citizenship and immigration, as well as requirements your province of residence has for prospective adoptive parents;
- ✎ Receive and read the required reading and make an appointment for your screening appointment/conference call;

If you are adopting as a couple, **BOTH** members of the couple must take part in the entire screening process. The phone call will take approximately 20-30 minutes. If you are in the Ottawa area, and in person appointment is highly recommended.

Please note: This appointment is for a **screening appointment only**. We will not be able to provide retainers, nor guarantee you a spot in the adoption program of your choice at the time of your call or visit.

Basic Information about HIV and adoption

- 📌 “HIV” stands for “Human Immunodeficiency Virus”. HIV is a virus that attacks healthy immune system cells, because it needs cells of a living (human) organism to reproduce.
- 📌 HIV is **not** transmitted through sweat, tears, nasal mucous, saliva, feces, urine, shaking hands, kissing, insect bites, sharing cups, utensils, plates or food.
- 📌 HIV **is** transmitted through sexual fluids, blood and breast milk.
- 📌 The common cold virus can survive outside the body for **up to 72 hours**. The HIV virus can survive outside the body **for minutes**, or at the very most in a controlled laboratory setting, for up to two hours.
- 📌 From clinical experience up until this point, the average lifespan of a North American child who is HIV+ and is on antiretroviral medication (ARV's) is roughly the same as an uninfected child/adult in North America.
- 📌 Children living with HIV can be adopted through many of our adoption programs.
- 📌 Most of the adoption process does not change, although your home study will need to specify your openness to HIV.
- 📌 Adoptive families who are considering adopting a child living with HIV should research the following issues:
 - Disclosure
 - Anti-retrovirals (ARV's) and pediatric HIV care
 - Health care and drug coverage
 - Stigma and discrimination

If you would like more information or additional resources regarding adopting a child who is living with HIV, please contact the HIV Program Manager, Karyn Bakelaar, at karyn.bakelaar@childrensbridge.com .

REPUBLIC OF ZAMBIA

****Please note: The Children's Bridge is not accepting any new applications for this adoption program at this time. Zambia is working to ratify domestic laws in order to meet the standards of the *Hague Convention*, which was ratified by Zambia on October 1st, 2015. Once the laws and new adoption standards and guidelines are in place, we will re-open the program to new applicants.**

Adoption Program Manager: Karyn Bakelaar, 613-226-2112 Ext. 2
Email: karyn.bakelaar@childrensbridge.com

General Information:

- All prospective adoptive families must first complete a *Consultation Appointment* (in-person or via telephone) with the Zambia Program Manager before undertaking an adoption from Zambia.
- Children will be a minimum of 12 – 18 months of age at time of referral.
- Both boys and girls may be adopted, as well as sibling groups and older children.
- Families may adopt children with various correctible special needs or other special medical needs such as HIV or Hepatitis A or B.
- Children are tested in Zambia for HIV (ELISA), Hepatitis A and B, Tuberculosis (TB Mantoux testing) and VDRL conditions.
- Socio-economic conditions and/or the HIV/AIDS pandemic are the main reason that children are waiting for families.
- This adoption program is open to residents in all provinces in Canada (except for Quebec).

Considerations:

- One trip lasting an *estimated* six – seven **months** is required to complete an adoption from Zambia. **There are no exceptions to this requirement.** Families may begin collecting *Parental Leave* through *Employment Insurance* (if applicable) once family has custody of the child in Zambia.
- Children reside in orphanages or places of safety until being placed with an adoptive family.
- Six post placement reports are required – 3 completed by the Adoption Practitioner and 3 by the family (over a 2 year period).

Requirements:

- Married couples are eligible to adopt from Zambia. Couples must be able to show they are in a stable relationship and have been married for a minimum of **one year** when their dossier is submitted to Zambia.
- **Single women** are also permitted to adopt from Zambia.
- Neither single male applicants, common-law or same-sex couples are eligible to adopt from Zambia at this time.
- Prospective adoptive parents must be at least twenty-five (25) years of age at time of dossier submission. If the adoptive applicants are applying as a couple, at least one parent must be a minimum of 25 years old and the second applicant must be at least 21 years older than the child they plan to adopt. In the case of relative adoptions, the applicant(s) must be a minimum of 21 years old.
- Applicants must be in sound physical and emotional health.
- Family must possess a stable financial portfolio.
- Prospective adoptive applicants are *strongly* encouraged to consider how much cultural, racial and ethnic diversity is represented in their city, province and/or area. This issue will be discussed during the consultation appointment with the Zambia Program Manager.
- Applicants must be free from criminal record.
- At least one applicant must be a Canadian citizen.

REPUBLIC OF ZAMBIA

Residency Requirements:

- Prospective adoptive families must reside in Lusaka, Zambia in order to complete the (minimum) 3-month **mandatory** fostering period.
- Once completed, prospective families should allow for an additional two – five months in Zambia in order to finalize their adoption in Zambian High Court, and then to obtain all of the necessary travel documentation for the child.

Process:

- Schedule your consultation appointment. If applying as a couple, *both applicants* must be available during the appointment.
- Complete a home study with an approved Adoption Practitioner, as well as PRIDE training (Ontario applicants only).
- Assemble Zambia dossier and submit it to The Children's Bridge.
- Attend the mandatory AdopTALK educational parenting workshop.
- Complete Part One of the Citizenship or Immigration Sponsorship application.
- Receive child proposal – meet with Adoption Practitioner and family physician to review documentation available.
- Travel to Zambia to begin the *mandatory* 3-month fostering period.
- Attend *Adoption Hearing* to finalize the adoption.
- Gather child's documentation and travel paperwork in order to travel home to Canada.

Timeline:

- Home study completion varies (average time 3 – 4 months).
- Approval in province ranges from 4 to 16 weeks.
- **Approximate** time from dossier submission to Zambia and receipt of a child's proposal is **estimated** to be twelve months to twenty-four months. **Please note** that this is an **estimate only** and will vary according to prospective family's range of age acceptance, as well as applicants' openness to various special needs, sibling groups, etc. .
- Travel to Zambia occurs approximately 6 – 10 weeks after referral acceptance.

Adoption Program Manager: Karyn Bakelaar, 613-226-2112, Ext. 2,
Email: Karyn.bakelaar@childrensbridge.com

General Information:

- Program opened in 2005.
- Open in to all provinces except Quebec.
- Open to those of Indian descent, overseas citizens of India and also non-Indians.

Considerations:

- Both parents are required to complete one trip of approximately 2 weeks. Some provinces require two trips (e.g. Hyderabad).
- Children in need of families due to poverty and single parenthood.
- Majority of the children reside in orphanages with voluntary and professional staff.
- Both boys and girls are waiting for families
- Children range in age from 18 months (and up) at time of referral.
- Older children are also waiting for families.
- Sibling groups are available for adoption and applicants must be open to children up to age 8 (minimum).
- Family cannot specify gender unless in exceptional circumstances. Please consult with Program Manager.
- Brief child study and medical report are provided.

Requirements:

- Single men or women are eligible to adopt and must be over 30 and under 45 to adopt a child under 4 years of age. If under age 50, applicant can adopt a child 4 – 8 years of age, an applicant under age 55 can adopt a child over 8 years of age.
- A single, unmarried male can only adopt a male child.
- The minimum age difference between the child and either of the prospective adoptive parents should not be less than 25 years.
- Adoptive parent's composite age should be less than 90 years to adopt a child under 4 years of age, less than 100 years to adopt a child 4 - 8 years of age and less than 110 to adopt a child over 8 years of age.
- Married couples must have a minimum two years stable marital relationship (no common-law).
- Families must maintain an adequate financial portfolio to provide a good upbringing for the child.
- Applicants should be physically, mentally and emotionally stable; financially capable; motivated to adopt a child; and should not have any life threatening medical condition.
- Both applicants must be free from criminal record.
- Couples with three or more children in the home already are only eligible to adopt a child with special needs.

Process:

- All prospective adoptive families must first complete a *Consultation Appointment* (in-person or via telephone) with the India Program Manager before undertaking an adoption from India.
- Completion of a home study and approval in province.
- Complete dossier, including India specific home study.
- File notarized by The Children's Bridge then sent to Canadian Foreign Affairs and the India High Commission for authentication and legalization.
- Completed dossier is sent to the Central Adoption Resource Authority (CARA) in Delhi who review and approve it.

INDIA CONTINUED

Process continued:

- Following approval, CARA will assign the family's dossier to a specific orphanage. Families and The Children's Bridge have no influence on which province or orphanage a dossier is sent to by CARA
- Child's referral comes to The Children's Bridge who will contact the family.
- Family consults with Adoption Practitioner and physician and is requested to accept the proposed referral within 4 days.
- Court hearings usually take place 4 to 6 months after acceptance documents are sent back to India.
- Both parents are required to travel to India following the court process (after the issuance of all travel documents and IRCC approval) which is approximately 6 – 10 months following the receipt of a child proposal.
- Post placement reports are required for 2 years after the adoption is complete (at 3, 6, 9, 12, 18 and 24 months) with Adoption Practitioner.

Timelines:

- Home study completion varies (average time 3 – 6 months).
- Approval in province takes between 4 and 16 weeks.
- Timelines for in-country process are inconsistent.
 - Most families will be matched within 12 – 24 months following CARA approval.
 - Timeline varies depending on openness too age range, gender, etc.
- After accepting a proposal, court finalization takes place within approximately 4 – 6 months
- Family travels to India approximately 2 – 4 months after the final court hearing.
- Stay in India is approximately 2 weeks.

The above timelines are an estimate only and many factors will impact this timeline. Every family's timeline will be unique.

SOUTH KOREA

Adoption Program Manager: Bruno Jung-Millen, 613-226-2112 Ext. 4
Email: Bruno.jung-millen@childrensbridge.com

General Information:

- Korea has been involved in international adoption since the 1950's.
- This program is open to ONTARIO residents only.
- The Social Welfare Society (SWS) will place a limited number of children with our agency. This quota can change each year.
- Korea will place children of mixed ethnicity, if available; however this must be indicated in the home study and Letter of Application.

Considerations:

- Single parenthood is a common reason that there are children waiting for families in Korea.
- The majority of the children will be up to 18 months of age at referral and up to 24 months at placement.
- After birth, children are cared for by their birthmother in hospital for one week. Children are then placed in one of the SWS Baby Reception Homes until a professional foster home is found for the child, typically at 4 to 8 months of age.
- Both boys and girls (mostly boys) are waiting for families but a family cannot specify gender.
- Comprehensive health information is provided with referral along with a history of the child and some familial information as well.
- Adoption is finalized in Korea.
- Neither Korea nor the Ministry of Children and Youth Services will permit placement of a baby if the couple is pregnant or has a baby less than 18 months of age.
- Adoptive applicants must be willing to adopt a child with some minor and correctable medical health issues. Applicants must complete a detailed Child Medical Conditions Checklist.
- The applicants must be open to accepting some recreational alcohol or cigarette smoking in the social and medical histories understanding that we only know what the birth mother chooses to disclose.
- The applicants are aware that the child may be placed with them from foster care in Korea.
- The applicants are aware that a child presented to them in an international adoption will have a limited medical and social history and are aware of the risks inherent in this.

Requirements:

- Adoptive applicants must be over 25 and under 45 years of age at time of child placement (please consult with Program Manager prior to proceeding if either applicant is in the 41 – 42 age range). We cannot accept applications if the applicants are 43+ years of age.
- If both applicants are of Korean background, one is a Korean adoptee OR they have already completed an adoption from Korea, they can be under 50 years of age at time of child placement. We cannot accept applications if the applicants are 48+ years of age. Consult Program Manager if either applicant is 48+ years of age.
- Must be married for a minimum of 3 years. NO single applicants or same sex couples accepted.
- Must have a minimum of high school education and no more than 4 children in the home.
- ONE divorce permitted for each applicant.
- At least one of a couple MUST be a Canadian citizen.
- Must have completed psychological testing before home study is complete as your Adoption Practitioner will require the results to finish his/her report.
- Second time adopters (from Korea) are required to complete psychological testing if it wasn't done for their first adoption.
- Cannot be notably overweight (Body Mass Index (BMI) cannot exceed 30. Go to www.nhlbisupport.com/bmi to calculate your BMI.).

SOUTH KOREA CONTINUED

Requirements:

- Cannot have more than one child from a country other than South Korea. Children in the home should be physically and emotionally healthy.
- Cannot have: history of serious medical condition, chronic illnesses, infectious or degenerative diseases, seizure disorder or severe physical disabilities or deformities. No history of mental health diagnosis or treatment with or without psychotropic medications, or history of counselling at any time.
- Chronic treatable medical issues may be considered on an individual basis. Stable and mild conditions, such as: migraines, allergies, hypothyroidism, hyperthyroidism, asthma, and benign heart conditions where no treatment is recommended may be allowed (please contact Program Manager if clarification is required).
- No arrest history.
- Applicants' combined family income must be over \$50,000 gross annually. This may be reviewed by SWS if there are currently children in the home and the gross income is close to \$50,000 annually.
- South Korea is conservative in terms of racial and religious diversity. If your family has a diverse composition please contact us to determine if the Korea program will be an option for your family.

Process:

- Complete a pre-screening interview with the Program Manager.
- Completion of a home study (including PRIDE) and approval in Ontario.
- File sent to Korea and proposal received by The Children's Bridge.
- Paperwork can be no more than 6 months old from the date on the paperwork when sent to Korea.
- Two trips required. First trip for court appearance and **both adoptive parents must attend**.
- Child's travel visa will be issued once the adoption is finalized and confirmed (approx. 6 – 8 weeks after court appearance).
- Second trip after visa/ready to travel is issued and only one parent must travel.
- Family must apply for child's Canadian citizenship as soon as they arrive back in Canada with their child's Adoption Order. Family will send The Children's Bridge a copy of the Canadian citizenship certificate so that the adoption file can be closed in Korea.
- Four post placement reports required (over 12 months) including 3 home visits with the Adoption Practitioner.

Timelines:

- Home study completion varies (average time 3 – 4 months).
- Approval in Ontario takes between 4 and 16 weeks.
- Receipt of referral takes anywhere from 3 - 10 months.
- Emigration Permission and adoption finalization in Korea can take up to 6 months after referral is accepted.
- First trip to Korea for court appearance 6 – 8 months after referral acceptance sent to Korea. Court will approve the adoption about 5 business days (estimated) after court hearing. Following this, the 2 week revocation period begins.
- Adoption finalized/Adoption Order confirmed approximately 2 weeks after revocation period is over.
- Issuance of travel notice takes 6 – 8 weeks after revocation period and the Adoption Order have been issued (providing we are within quota for the year). One parent minimum must then travel to receive their child.
- Apply for Canadian Citizenship IMMEDIATELY once you arrive in Canada. Immigration, Refugees and Citizenship Canada (IRCC) can take anywhere from 6 to 24 months to process this application.

All timelines listed above are estimates only and cannot be guaranteed.

THAILAND

Adoption Program Manager: Darlene Catton, 905-836-6776, Email: darlene.catton@childrensbridge.com

General Information:

- Adoption is finalized in Thailand in conjunction with the Royal Thai Embassy in Ottawa or the Royal Thai Consulate-General in Vancouver.
- The Children's Bridge (Ontario families or provincial authority for other provinces) retains supervision of the child until the adoption is finalized.
- Both parents **must** travel to Ottawa or Toronto to complete the mandatory AdopTALK training.
- Both parents along with their child **must travel to the Royal Thai Embassy in Ottawa or the Royal Thai Consulate-General in Vancouver** to complete the process.
- We work with the Department of Children and Youth (DCY) and the Thai Red Cross Children's Home (TRCCH) - the Program Manager will determine the particular agency a file will be sent to based on the requirements of the agency, applicant's qualifications and openings available.
- The Children's Bridge receives a quota each year from the DCY and TRCCH indicating the number of files that can be sent in a given year.
- Open to all provinces except Quebec.

Considerations:

- Trip is approximately 3 weeks in length.
- Children waiting for families due to socio-economic conditions and reside in orphanages.
- Both boys and girls are in need of families (mostly boys). Families may request gender but must be prepared for a longer wait for a girl.
- Older children and children with special medical needs are also waiting for families.
- Children will be approximately 14 months and up at proposal (average age is 22 months).

Requirements:

- Minimum age 25 years and up to a maximum age of 40.
- **Couples over 40 but under 48 who are open to children over the age of 4 may be considered for this program.**
- Families who have fertility issues should provide proof of same with a letter from their doctor.
- If adopting from the Thai Red Cross, can have no more than one child in the family already.
- No same sex or common law couples eligible.
- Single female applicants can adopt special needs children or a child over the age of 4.
- Must be married for a minimum of 2 years and have no more than 2 previous marriages (some exceptions).
- Families with 3 or more children in the home will **not** be considered for this program.
- Must have a minimum of high school education.
- Must be in excellent physical and emotional health – no exceptions.
- Must not be taking any prescribed medication for anxiety or depression.
- Must be 5 years cancer free.
- Cannot be notably overweight (no more than 30% of Body Mass Index (BMI)). Go to www.nhlbisupport.com/bmi to calculate your BMI.
- Sound financial position.
- One of a couple must be a Canadian citizen and have no criminal record.
- No morticians may apply.
- Open to residents of all provinces except Quebec.

Process:

- Families must first complete a *Consultation Appointment* (in-person or via telephone) with the Program Manager.
- Completion of home study and approval in province.
- Families must compile the Thailand dossier that includes a medical and psychological assessment.

- File sent for notarization, authentication to Foreign Affairs and legalization at the Royal Thai Embassy.
- Families receive their referral approximately 2 ½ years after their file is logged in at the DCY or TRCCH – this is an estimate only – proposals can come at any time and out of order and families must be prepared.
- Both parents must travel to Thailand to complete the adoption process (including an official interview).
- Stay in Thailand is approximately 3 weeks in duration.
- Three post placement reports must be completed and sent to Thailand.
- Once all post placement reports have been received, Thailand informs family that they can attend the Royal Thai Embassy in Ottawa or the Royal Thai Consulate-General in Vancouver to finalize the adoption (approximately 1 year after arrival home).

Timelines:

- Completion of home study (average time 3 – 6 months).
- Approval in province varies from 4 – 16 weeks.
- Wait for referral is approximately 2 ½ years.
- Travel to Thailand occurs approximately 10 weeks (DCY) or 6 months (TRCCH) after referral acceptance.

CHINA WAITING CHILDREN PROGRAM

*****Please note: November 2018: Children that are waiting to be adopted are mainly above the age of twelve, with most of them also having complex medical needs such as cerebral palsy, Down Syndrome, or other non-correctible medical needs. Therefore, after much consideration, The Children's Bridge has come to the difficult decision to put a hold on any new adoption applications for the China Waiting Children program for the next six-months.***

For further information, please contact Kayden Cullum at Kayden.cullum@childrensbridge.com

Considerations:

- Limited familial medical history is available; however, a detailed medical is included with each referral.
- A generic medical report is completed by our volunteer consulting physician Dr. Margaret Lawson and the team at CHEO (Children's Hospital of Eastern Ontario). The Children's Bridge advises every family to consult with an International Adoption Clinic for a pre-adoption screening of the child's referral information.
- A limited history since coming to the orphanage is provided.
- Adoption finalized in China.
- Your file will be expedited in the Waiting Children Program.
- Your child will arrive home approximately 6 months after you receive your child's referral.
- Both boys and girls are with complex medical conditions are waiting for families in this program but there are more boys than girls. You must be open to either gender in this program.

Requirements:

- Applicants must be a minimum of 30 years of age.
- When a married couple adopts together and the age of the younger party is older than 50, the age difference between the younger party and the adoptee should be no more than 50 years.
- The age difference between a single adoptive mother and the adoptee should be no more than 45 years. If a single female applicant is adopting, the number of children under 18 years of age in the family should be less than three and the youngest child should have reached 6 years of age.
- Must be married (no common law or same sex couples).
- Couples must be married for 2 years and have no more than 2 previous marriages. If previously married, current marriage must be minimum 5 years in length.
- You must be free from criminal record and in good physical and emotional health.
- Applicants must be free from the following conditions: HIV positive, cancer, intellectual disability, dysfunction of limbs or trunk caused by impairment, incomplete limbs, paralysis, deformation or severe facial deformation, malignant tumors, infectious disease, blindness, deafness (unless adopting a child with identical condition), physical disability, lupus, epilepsy, schizophrenia, 10 years post surgery of organ transplantation, 10 years free of drinking if history of alcohol abuse, diseases that require long-term treatments (lupus, epilepsy, multiple sclerosis, etc.) – if one party is completely healthy and the other is under good control/treatment, they may be exempt from this limitation, if mental health issues in a couple, if ONE of the couple has minor symptoms and these are under control by small doses of medication, they could be exempt.
- No history of taking drugs including: opium, morphine, marijuana, cocaine, heroin, smokeable methamphetamine, etc.
- The CCCWA requires a letter from a registered psychologist or psychiatrist if the applicant has dealt with issues of incidental depression and/or is taking medication.
- Cannot be noticeably overweight (Body Mass Index (BMI) cannot exceed 40. Go to www.nhlbisupport.com/bmi to calculate your BMI.).
- Both applicants must have a high school education (or equivalent vocational education) or higher.

- The family's **net worth** cannot be lower than \$80,000USD, \$100,000USD for singles (for conversion to CAD go to www.xe.com/ucc/convert.cgi)
- At least one of a couple **MUST** be a Canadian citizen.
- Adoptive families must complete pre-adoption training.
- The family must live in a large urban centre with access to appropriate resources to meet each child's individual needs.

Process:

- Screening process completed by The Children's Bridge.
- Completion of a home study and approval in province including completion of a child profile detailing the type of special medical needs your family can support.
- Waiting Children Program children's files are posted to The China Centre for Children's Welfare and Adoption (CCCWA) on-line system each month.
- Six-month supervision is required by the Adoption Practitioner.
- CCCWA requires completion of post placement reports at 6 and 12 months home as well as at the 2, 3, 4 and 5 year mark. The 6 month and 1 and 2 year reports must be written by the Adoption Practitioner. The 3, 4 and 5 year reports can be completed by the adoptive family. All reports must be submitted to the CCCWA through the licensed adoption agency.

Timelines:

- Family completes screening process with The Children's Bridge.
- Home study completion varies (average time 3 – 6 months).
- Approval in province takes between 4 and 16 weeks.
- Once the file has been logged in at the CCCWA, a child proposal can be presented to the family of a suitable match is made.
- Once a proposal is presented, the family will have 72 hours to accept/decline the match.
- Families will travel approximately 8 - 10 weeks after sending the Letter Seeking Confirmation from Adopter to the CCCWA.
- During these 8 – 10 weeks, the “Notice of Traveling to China for Adoption” will be sent to the agency/province from the CCCWA.
- The adoption journey will last approximately 2 weeks.
- The entire process takes approximately 1 – 2 years to complete.
- Timelines do fluctuate. These are estimates only.

NEXT STEPS

***Become a Member**

If you would like to receive more information about The Children's Bridge and the programs we offer and set up a consultation call, you can subscribe as a member for \$50.00/year or \$130 for 3 years (you'll find a Membership Form at the back of this package). Upon receipt of this membership fee, the completed Membership Form and the Consent to Exchange document, you will:

- receive a detailed adoption package
- be placed on The Children's Bridge Newsletter distribution list.
- gain access to The Children's Bridge members section of the website. As well as many other items on this site, you'll find referral timelines, newsletter archives and post adoption community resources.
- now set up a consultation call with a Program Manager.

On the Membership Form you will notice a section in which you can select a country of interest. By indicating your preferred country, we will send you a detailed adoption package that includes all of the documentation required to complete an adoption from that country. If you are unsure as to which country to choose, please check off the appropriate box and one of the office staff will contact you with more details and information to help you make your decision.

Please note that becoming a member does NOT commit a family to completing an adoption but simply provides you with further information.

***Contact Program Manager**

Prior to proceeding with your home study, you are required to schedule a consultation with the Program Manager of the program you are interested in. Many programs have callback lists (you must have a current membership and pay an annual fee of \$100 to maintain a spot on each callback list) and if you choose to register for one, you may not need to begin the home study process right away. The Program Manager will advise the most efficient route to take.

***Begin Your Home Study & PRIDE Training (if applicable)**

The first step with any adoption is to begin the home study process. A link to a complete list of approved Adoption Practitioners can be found on our website as well as documents designed to assist you with this process (under "Pre Adoption Documents"). Now is the time to enquire about PRIDE Training dates.

***Research**

It is very important that you research possible health (physical AND emotional) conditions of adopted children, specifically from the country you are interested in. In the Member's section of our website you'll find an entire section devoted to health issues.

***Contact your Regional Coordinator**

To find out what events and activities are happening in your region, contact your Regional Coordinator (a complete list can be found on the preceding page). Our Regional Coordinators are also available to answer any questions you have, address your concerns or simply lend an ear.

***Retain the Services of an Agency**

Prior to the completion of your home study you will need to retain the services of a licensed adoption agency. This process requires filling out the Retainer Agreement (included in the detailed adoption package) and sending it to The Children's Bridge along with the retainer fee. Once a client has retained our services, they will then gain access to the general Children's Bridge chat line, receive a monthly update from our Executive Director and Program Managers and receive the comprehensive Adoption and Parenting Resource Kit.
