Notes From Cathy's Desk

Cathy Murphy - Executive Director

Adoption Tax Credit

If your family has completed your child's adoption in the 2016 fiscal year, please check the CRA web site for information about the adoption tax credit.

<http://www.cra-arc.gc.ca/tx/ndvdl/tpcs/ncm-tx/rtrn/cmpltng/ddctns/Ins300-350/313/menu-eng.html>

Line 313 - Adoption expenses

As a parent, you can claim an amount for eligible adoption expenses related to the adoption of a child who is under 18 years of age. The maximum claim for each child is \$15,453. You can only claim these incurred expenses in the tax year including the end of the adoption period for the child.

China - Travel:

I will be in China from March 6 - 14, 2017 with The Children's Bridge. I will return to The Children's Bridge Office on March 15, 2017. Thank you to The Children's Bridge staff team who will be providing ED coverage while I am away.

CIC Record of Landing Form

Every person who lands in Canada as a permanent resident is given an IMM 1000 Record of Landing document. The way this document looks has changed many times, but it always shows the immigrant's name, date of birth, and the date they landed in Canada as a permanent resident.

Adoptees will need to show a copy of the IMM 1000 to get their Old Age Pension through Service

Canada. If a person was not born in Canada, the Old Age Pension application will not be processed without a copy of the IMM 1000 because you must show that you have lived in Canada for at least 10 years to collect Old Age Pension.

The Children's Bridge recommends all adoptive families keep their child's Record of Landing form, original adoption paperwork, birth certificate, citizenship and passport in a home safe or safety deposit box for safe keeping.

Citizenship and Immigration Canada (CIC) Reminder (from the CIC web site):

As prospective adoptive parents we recommend you learn about CIC's role in intercountry adoption. The Children's Bridge is not able to influence the CIC process. CIC will complete a thorough review before issuing a permanent resident visa, or a Canadian passport through a grant of citizenship. The length of time a review usually takes can be provided by The Children's Bridge for your adoption program but you must keep in mind each CIC Mission has different processing times and any CIC application can take longer to review if CIC deems it necessary to do so.

<http://www.cic.gc.ca/english/immigrate/adoption/role.asp>

CIC's first priority is to ensure that the child's rights are protected in accordance with our international obligations in adoption cases and our obligations under Canadian law.

In some parts of the world, child trafficking is a serious concern, documentation is non-existent or unreliable, there is evidence of wrongdoing in the adoption system or infrastructure to protect children is limited. In these cases, CIC must take more steps to verify that the best interests of children being adopted by Canadian citizens and permanent residents are respected.

Intercountry adoption procedures put in place by CIC are meant to protect the best interests of the child. These include requiring proof that the biological parents have given their free and informed consent to the adoption before it takes place, and confirming that the adoption follows the laws of both countries.

With respect to children who may be orphaned, it is international policy and practice to try to first find homes for them in their own country before uprooting and placing them in a foreign country. The United Nation's Children's Fund's UNICEF position on cases of children separated from their parents and communities during war or natural disasters is that such children should not be considered for inter-country adoption, and family tracing should be the priority.

Canadians planning to adopt a child from another country must follow their province or territory's regulations for international adoptions and abide by the laws of the child's country of origin. CIC wants to eliminate any shortcuts in the adoption process that could enable unscrupulous people to obtain children for the purpose of human trafficking.

To avoid unnecessary expense and disappointment, adoptive parents should not plan to return to Canada with the adopted child until they know for certain that all immigration or citizenship requirements have been met.

CIC plays no role in the first step of the intercountry adoption process. The immigration or citizenship process cannot begin until the adoption has been finalized. Once the adoption has been finalized, you can begin the immigration or citizenship process to bring your adopted child to Canada.

Does an adopted child need a travel document, like a visa, to come to Canada?

Yes. Before bringing your child to Canada, you must apply for the necessary travel document in order for your child to legally enter Canada. The document is either a permanent resident visa, or a Canadian passport through a grant of citizenship. To avoid unnecessary delays and costs, adoptive parents should not plan to return to Canada with the adopted child until they know with certainty that all immigration or citizenship requirements have been met.

If my adopted child's application is refused, what can I do?

The process to appeal the decision is different for the immigration and citizenship process.

Immigration

If your adopted child's application for permanent residence is refused, you may appeal the decision to the Immigration Appeal Division at the Immigration and Refugee Board.

Citizenship

If your adopted child's application for a grant of citizenship is refused, you may apply for a judicial review of the decision to the Federal Court of Canada.

Adoption Program News

I am thrilled to announce that one of our families in the Zambia program have been matched with a waiting child. We are happy to support them in making travel plans in order to begin the adoption process in Zambia!!

We are not accepting application for this adoption program at this time. If you are interested in this adoption program, please feel free to check back with me within the next 3 - 6 months in case anything changes.

So far we have completed one adoption from Zambia, and have one relative adoption in the final stages of visa processing. One family is matched with a child, and our second family is currently waiting for a child proposal from Zambia.

If you would like any information on the Zambian adoption program, please contact the Zambian Program Manager, Karyn Bakelaar at karyn.bakelaar@childrensbridge.com or 1-613-2112 ext. 2 for further information.

Finalization in country

We currently have one other family in India that is at the final stages of their adoption process in-country and hoping to return to Canada with their child soon. Most families in the India program will go through the citizenship process with CIC and the final stage, applying for citizenship after the adoption order is issued, has taken up to 2 months for some families. Each family has a slightly different process and we will do our best to assist families through this stage.

OCI Status:

CARA's guideline's certainly say that adopted children are eligible for OCI status - this is from the US State department: CARA's [Guidelines Governing the Adoption of Children, 2015](#) state that an adopted Indian child shall be entitled to receive an Overseas Citizen of India (OCI) card, if found eligible. For more information about the procedure for applying for OCI status for your child, please contact the nearest Indian Embassy or consulate.

Families can apply online for OCI status here : <https://passport.gov.in/oci/welcome>

Relinquishing Indian Passport and Renouncing Citizenship

Once families are home in Canada with their children, they must complete a formal process renouncing Indian citizenship (dual citizenship is not possible in this adoption program). This **must** be done within 3-years of receiving Canadian Citizenship (or Record of Landing if you complete the

Permanent Resident Visa route). It is **very important** to complete this step, as failure to do so may result in penalties when your child travels back to India at any point in their life. It is a punishable offence under the Indian Passport Act, 1967, to apply for an Indian passport, continue to hold an Indian passport, get an Indian passport re-issued or travel on an Indian passport after acquiring foreign citizenship. Under Indian law, Persons of Indian Origin (PIOs) who have acquired foreign citizenship are required to surrender their Indian passports to the nearest Indian Mission/Post immediately after acquisition of foreign citizenship.

Please see this link for more information on relinquishing Indian citizenship and relinquishing your child's Indian passport: http://www.blindia-canada.com/renunciation_ppt.php

Foreigners Regional Registration Office and NOC

There has been a new requirement put in place by the Indian government that all families must obtain a "No Objection Certificate" (NOC) from the Foreigners Regional Registration Office (FRRO) before you bring your child home from India. This is also a requirement for adoptive parents who hold OCI status and will travel on a Canadian passport. This NOC is essentially an exit permit and families will need to apply for it at the FRRO before departing India.

The adoptive parents are advised to first contact the FRRO office to request an appointment date and bring along with them the printout of the online application form and relevant documents pertaining to their adoption. The exit permit(s) shall be granted within three working days after submission.

I am happy to provide traveling families with more detailed information about this process once they are at this stage in their adoption process. Please note: It is highly recommended that all families travel to Delhi in order to apply to the Delhi FRRO office. The Delhi office is more familiar with the process and has been able to keep to the 3-day turnaround time. As well, the CARA office is close in proximity, which means documents that are needed can be accessed in person and in a timely fashion by the adoptive family or the FRRO officers.

CARA has advised that parents can contact the FRRO support desk by telephone at 91 11 2671-1443 or by e-mail at frrodli.support@nic.in OR frrodli.support@gov.in for assistance in obtaining this document.

The address for the FRRO office in Delhi is as follows:

Foreigners Regional Registration Office
East Block VIII Level II ,
Sec 1, R K Puram, Delhi - 110066
+(91)-(11)-26711074, 26711384, 26711443, 26711348

Citizenship process - part 1

The citizenship process through CIC is now taking up to 12-months for families to be approved for part 1. Because of the lengthening timelines, it is important that families apply to CIC at the very beginning of their adoption process to ensure there is enough time to be approved before receiving a referral from their orphanage so that there will not be a delay when accepting a referral/finalizing the adoption process.

If you have questions about the application process, please do not hesitate to contact me. Once an approval by CIC for part one is received by the adoptive parents, a copy should be emailed to me for your file.

CARA is now accepting families for both their mainstream program and their special needs stream. Most children are over 3 at time of referral, and they have still emphasized the need for families for older children. There are many older children waiting for families in India so CARA is able to match families fairly quickly who are open to children over the age of 7 or 8 years old.

If you have any questions about the India adoption program, please do not hesitate to contact me at Karyn.bakelaar@childrensbridge.com .

COURT DATES AND TRAVEL NOTICES

A Court Date Notice was received for one of our waiting families and they are thrilled to now be able to make their first of two trips to Korea. Prior to the court hearing, they will have two meetings with

their child, first one at the house of foster family and second one at SWS.

| Dossier to Korea | Referral received | Acceptance to Korea | EP to MOHW | EP Approved | Docs to Court | Court Date |
|------------------|-------------------|---------------------|------------|-------------|---------------|------------|
| April 12/16 | May 5/16 | June 16/16 | Sept 8/16 | Dec 19/16 | Dec 20/16 | Mar 9/17 |

Timelines from referral acceptance to travel for court (first trip) can take 7 to 12 months once referral acceptance is submitted to SWS. Each case is different and court date notices can be set out of order. Timelines cannot be guaranteed.

Estimated second travel notice is issued once Confirmation of Permanent Residence (COPR) is received by SWS can take anywhere from 6 to 16 weeks from court date.

SWS Guest House Update: The SWS Guesthouse is closed for an indefinite period and we are unsure as to why. I have recently updated the Referral Booklet/Travel guide current hotel/accommodation information.

WHAT TO EXPECT AT THE ADOPTION COURT HEARING:

Below is some information from SWS regarding what to expect at the court hearings in Korea. We hope that all families will feel prepared as they attend court for the finalization of their adoption, and encourage all families to review the questions below and how they would answer each one. Families will either attend court on a Thursday or Friday, and SWS has compiled some questions that families have been asked by each judge. We advise that families should prepare themselves for all questions regardless of which day they attend court.

The following are examples of questions that a judge may ask:

1. Did you meet with your prospective adoptive child? How was it? How did the child do?
2. If you have a child/children, does he/she/they know about this adoption? How did he/she/they respond?
3. After meeting with the prospective adoptive child, was there any change in your decision to adopt?
4. Questions about the occupations of the parents
5. Who is going to be the primary caretaker?
6. How are you going to raise your child (your parenting plan)?
7. What is your motivation to adopt from Korea? Is there any community around you or your neighborhood that can support your adoption?
8. How long has it been since you first applied for adoption?
9. When were you matched with your child? Or how long has it been since the matching?
10. Was there any difficulty in pursuing the adoption process?
11. Lastly do you have anything to say?

Some judges may ask questions based on the homestudy and psychological evaluation. Reviewing your own homestudy and psychological evaluation report beforehand would be very helpful.

When you answer the judge, you should be looking at him/her, not the translator, although he/she may not be able to understand what you say. And please smile! Don't be nervous! You just show how much you love your child and just be truthful!

INFORMATION ON ADOPTING A SECOND CHILD FROM S. KOREA

We have received information from SWS about families that are interested in pursuing a second adoption from South Korea. The Ministry of Health and Welfare has agreed to accept families who are under the age of 50 at time of placement for second adoptions, or for first adoptions if the family is of Korean heritage or an adult adoptee.

Prospective adoptive parents would be required to receive special permission regarding their age in advance. If a family is interested in completing an adoption and is over the age of 45, SWS will ask the Ministry for permission before the family can proceed.

The conditions in which the upper age limit for adoptive parents may be 50 at time of placement are as follows:

- Both parents are of Korean heritage, OR
- Either parent is an adoptee themselves (of any heritage), OR

- Parents (of any heritage) already have previously adopted a child from Korea.

Due to the approximate time frame for adoptions from South Korea, SWS has informed us that they would require the family's dossier before they turn 48.

If you meet these requirements and are interested in adopting from South Korea, please do not hesitate to contact me for further details.

ADOPTION ORDER AND CONFIRMATION OF PERMANENT RESIDENCE

Historically, the estimated time for COPR issuing is 4 to 6 weeks after Manila receives paperwork from SWS. However, we've seen as long as 16 weeks for a few cases. SWS will send the immigration paperwork to Manila approximately 1 week after the confirmed adoption order has been issued as there is translation required. SWS will inform us when a family is ready to travel for the second trip once they have received the COPR, not when Manila says they have issued it as we do not want families waiting in Korea for an indefinite and longer stay.

APPLYING FOR CANADIAN CITIZENSHIP WITHIN 30 DAYS OF ARRIVAL HOME

Families who have returned home must complete the application for Canadian citizenship for their child within 30 days of arriving home. All of the children adopted from Korea will be returning to Canada as permanent residents and therefore families will need to apply for citizenship as it is **not automatically granted** to internationally adopted children.

A copy of the completed application should be scanned and emailed to our agency and I will forward to SWS. The family court in Seoul will not issue Adoption Orders if families do not comply and apply for citizenship. Not applying for citizenship will affect all families in process waiting for their Adoption Order.

Please note that CIC has updated their website and their forms as of June 2015. The current citizenship application that should be completed by families when they return home is found here: <http://www.cic.gc.ca/english/pdf/kits/citizen/CIT0003E-2.pdf> .

Families who have arrived home with their children after November 2016 have been instructed by CIC to have the Adoption Order officially translated. We find this very strange as two original Adoption Orders are given to the adoptive parents, one in Korean and one in English. Families have also had to provide a translated Adoption Order in order to apply for a Canadian Passport. If you have any difficulties, we suggest that you contact CIC to ask specific questions about your application.

Korean Canadian Adoptee Association (KCAA), GTA

A new name for KCCA - Message from Vincent Lim:

At our Board meeting held in Nov 19, 2016, the Board of Directors approved the change in our name from KCCA to **Korean Canadian Adoptee Association (KCAA)**. It was not an easy decision since KCCA held so much meaning to me personally but after 25 years it is clear that those who identify with KCCA are no longer children and we wish to reflect in our name that our organization is intended to serve all Korean Canadian adoptees not just Korean Canadian children adoptees. We announced our new name at the Christmas Party which was received with tremendous support of all its attendees.

Below is a list of our upcoming event and some detail:

Summer Heritage Camp 2017- July 21-23, 2017

Held at Pine Orchard Camp 4088 Vivian Road, Cedar Valley, Ontario <http://pineorchardcamp.com/> . Many families have been asking about this year's camp since we announced that we will be relocating to a new location. Due to the popularity of this site, we were only able to reserve in July for 2017 but we have already reserved this site for 3rd week of August in 2018 as per our usual camp schedule. I apologize for any inconvenience and conflict with your summer holiday planning.

This location has wonderful amenities such as basketball court, swimming pool, and campfire area with large seating. Also, we will be spoiled by modern air-conditioned cafeteria and individual rustic cabins for each family. This site also has camp trailer areas too.

Spaces are limited so register as early as possible with Stephen Kranabetter at kranny@rogers.com since cabins and trailer areas will be assigned at time of registration. We intend to keep the fees affordable and only modestly higher than the fees charged during previous camps. More details will follow in the months leading up to the camp.

I hope 2017 brings much peace and happiness to all your families.

Best Regards,
Vincent Lim, President
Korean Canadian Adoptee Association

Adoption Program News

Congratulations to Harvey, Lori, Watcharin and Yiwa who have been united with their sons! Both families shared the same Board Interview date of February 8th and all went smoothly. Visas have been issued and medicals are done. Harvey and Lori head home this week-end while Watcharin and Yiwa still have another week to go. I'd like to wish them a safe journey home!

In other exciting news . . . Jonathan and Allison received permission to travel and have a Board Interview date of March 22nd! They will be leaving Canada the second week of March and will meet their daughter/sister shortly thereafter. I'd like to wish them a safe journey and have my fingers crossed that we will meet up with them in Bangkok! Their wait to travel was 7 months; a very long wait but within the published guidelines of 7 - 9 months from the TRCCH.

Stats

Over the last 5 years, the average age of child at proposal was 23 months. There have been twice as many boys referred as girls.

At this time, 10 families continue to work on their dossiers. One of these files has had notary completed and will now be sent off to Foreign Affairs and the Thai Embassy.

The TRCCH has given us a quota of 3 files this year. We have not had confirmation of our quota from the DCY.

AdopTALK

You should plan to attend our 2 day AdopTALK workshop about 6 - 8 months before you anticipate receiving your proposal. All details for AdopTALK are on our [website](#).

Ministry

The Ministry has indicated that they are processing files in 4 - 6 weeks.

Waiting Children Program

If you are interested in adopting an older child (over 4 years of age) or a child with special medical needs, note that this type of adoption does not fall in the same quota for mainstream adoptions and the requirements for families adopting older children or those with special needs are not as restrictive (for example, the age of the adoptive applicants and/or other children in the home could be amended) and the timeline may be quicker.

If you are interested in this program, please contact me for more detailed information.

Travelling outside of Canada (before adoption finalization)

When you come home with your child and you want to travel with him/her outside of Canada, you are required to obtain a Statutory Declaration from our office to travel since the adoption is not finalized. The Children's Bridge is the guardian of the child until the adoption is finalized. Finalization happens approximately 1 year after you arrive home. Please contact me if you are travelling outside of Canada. Children travelling to the US before finalization need to obtain a US visitor's Visa as they are not Canadian Citizens. Please call your local US consulate for further details.

Immigration Sponsorship

Please ensure that you have applied for Immigration Sponsorship approximately two years after your dossier has gone to Thailand or sooner if in the Waiting Children Program. Timelines have become a little unpredictable and we want to make sure that you have been approved to sponsor well before a referral is received. We have just learned that Immigration Sponsorship approvals expire after 2 years and so we have changed when you apply for this.

Citizenship and Immigration 1-888-242 2100

<http://www.cic.gc.ca/english/information/applications/family.asp>

Once you submit this to immigration you will receive a letter with a UCI # and Application Number on it. Please note these used to be called Kit and Client ID #. Please email this number to me and/or scan and email me a copy of the document. Keep the package that CIC sends to you in a safe place, as you will need to take it to Thailand with you. Immigration paperwork must be completed well before you receive your referral.

China Program

CCCWA

At this time, we only have five (5) families remaining in the mainstream/expedited China program. Due to the unpredictability of the program, we are unsure when they will receive a proposal.

The CCCWA have matched up to January 10, 2007. They are unable to tell us when any family can expect a referral. They are not even matching 1 day/month and in the last 4 months they did not match 1 child.

We would strongly recommend that the families still in this program consider other options. Please do call me to discuss your individual situation.

Citizenship and Immigration Canada (CIC):

If you have applied for direct citizenship (as opposed to immigration sponsorship), please remember that your application is only valid for 2 years. If you are close to expiry, you can simply write them a letter asking for an extension.

Applying for Citizenship

Once home, everyone will have to apply for citizenship (in some form) for their child. There are two ways to apply for citizenship now. One would entitle Canadian citizenship to your child's future children should they be born outside of Canada, the other application wouldn't. This new system has

caused much confusion for families and even CIC don't always give the correct information.

It's critical that you complete the correct form. If you applied for direct citizenship, you will apply for a citizenship certificate (<http://www.cic.gc.ca/english/information/applications/cit-adoption.asp>).

If you applied for immigration sponsorship (therefore your child entered Canada as a Permanent Resident), you will fill out a citizenship application (<http://www.cic.gc.ca/english/information/applications/guides/CIT0003E2.asp>).

If you are unclear, please call CIC and explain that you would like to apply for his/her Canadian citizenship at this time. You would like to apply to ensure that if your child was to have children while living outside of Canada, that their children will be granted Canadian citizenship status.

If you have applied for citizenship (to the wrong process) but it has not yet been granted, you can call CIC to stop the process and switch to another. This cannot happen if citizenship has already been granted.

It generally takes less than a year to receive citizenship.

If you do NOT apply for citizenship, your child remains a Chinese citizen, cannot vote, cannot hold certain jobs and can be deported. As well, you cannot apply for a passport unless you have citizenship.

CHINA HOMELAND VISIT

We have 3 families that are participating in the March homeland tour. The families will be leaving in about 3 weeks time and the excitement is ramping up! Their pre-travel meeting will take place on February 26th (rescheduled due to snow storm!).

We are offering 2 options for the summer tour. One has been finalized and details are available online or by contacting me.

If you are interested in participating in a tour or would like to customize a trip, please contact [me](#) .

Bon Voyage to the Thompson, Palmer and Kirby/Yee families! Esther Yeung and I look forward to spending time with our families in Beijing after they have completed their son's adoptions!

China - Travel:

I will be in China from March 6 - 14, 2017, returning to The Children's Bridge Office on March 15, 2017. Thank you to The Children's Bridge staff team who will be providing ED coverage while I am away.

The Children's Bridge will receive our next set of individual children's files from the CCCWA in May 2017.

All of the families in the WC China Program must now be open to adopting a child of either gender, as there are equal numbers of boys and girls in this program waiting for families. Our goal as an agency is to find the right family for a waiting child.

Families considering our WC China Program must be open to considering a variety of special medical needs keeping in mind cleft lip and cleft palate continues to be the most common special medical need in our program. The Children's Bridge has placed children with the following special medical needs over the past two years: cleft lip and cleft palate, congenital heart disease, missing hand, club foot, visual impairment, hearing impairment, Hep B and developmental delay. The children waiting for families in our WC China Program are toddlers and preschoolers. On average, the boys have been between 2-3 years of age and the girls between 3 -5 years of age at time of referral.

Our WC China Program is currently full and we will be accepting names on our call back (waiting list).
