Announcement from The Children's Bridge Board of Directors:

Our Board of Directors would like to express our appreciation to Cathy Murphy for her 17 years of service to The Children's Bridge and our families! While there are not enough superlatives to describe her contribution, we can say that without Cathy's wisdom, dedication, hard work and tireless positive thinking, The Children's Bridge would not be the professional, accountable and learning organization it is today. I know all of us wish Cathy well in her last few weeks with TCB before going onto new endeavours in July. While we are happy for Cathy to take on new adventures, words cannot express how much we will miss her. We will continue our work with the dedicated TCB team to make her proud and to carry TCB into the future, honouring her legacy over the last 17 years. Thank you!

Our Board of Directors is pleased to announce our new Executive Director will be Karyn Bakelaar. Karyn has been a Program Manager at The Children's Bridge for the past 8 years working with families in our India, Florida and Zambia Adoption Programs and supporting children living with HIV. Karyn has the professional skills, mindset and positive attitude to support The Children's Bridge and our families through this time of transition and into the future. Karyn is completing her Master's in Law and Legal Studies. The Board is looking forward to working with Karyn and all the TCB staff to support our adoptive families, and the continued success of our adoption agency. Karyn will begin her new role on July 2, 2018. We would like to thank all the TCB staff, Cathy and Karyn for working so well together on a smooth and seamless transition.

Please join us in welcoming Karyn to this new role, and in offering her and the team our collective full support for the continued success of Children's Bridge.

Frances McRae, President
The Children's Bridge Board of Directors

Notes From Cathy's Desk

Cathy Murphy - Executive Director

I look forward to working with Karyn as she moves into the role of Executive Director on July 2, 2018. I know TCB is going to be very well supported by Karyn!

At this time I would like to take the opportunity to thank our staff team, Board of Directors, consultants and

in-country staff. You truly make TCB a wonderful agency and one of which I have been very proud to be a part of!

I have thoroughly enjoyed my 17 years at The Children's Bridge and have enjoyed working with you and your children! I will truly miss our day to day and monthly interactions! I will be at The Children's Bridge until June 26, 2018 and will be supporting the transition of our China WC Program to one of our Program Managers. I look forward to the future and some new personal challenges. I will be taking courses in Pastoral Care and supporting youth and their families in our community! Wishing all of you a wonderful summer in 2018!

Confirmation of Permanent Residence (COPR) replaces the Record of Landing

Every person who lands in Canada as a permanent resident is no longer given an IMM 1000 Record of Landing document. The COPR now is the document issued at time of entry and replaces the Record of Landing.

The COPR must be kept as part of your child's adoption records as they'll require it when applying for Old Age Pension through Service Canada.

For more information on the COPR:

<https://recordoflanding.ca/faqs/what-is-a-confirmation-of-permanent-residence/>

The Children's Bridge recommends all families keep their child's COPR, original adoption paperwork, legal documents, citizenship and passport in a home safe or safety deposit box for safe keeping as these documents are irreplaceable.

Did You Know

Around the world, more children are living in foster care or institutions than there are children being adopted. Most of these children are older, have special medical needs, and are not the healthy infants many adoptive parents are seeking to adopt.

Pre and Post Adoption Services

Post Adoption Consultation Service:

The Children's Bridge is pleased to offer our Post Adoption Consultation service for adoptive families that includes: scheduled telephone/skype call, email correspondence and identification of resources specific to the needs of the family, child or youth or the country the child has been adopted from.

The fee for consultation is \$75.00 per hour.

Please note that this fee is not charged for our initial 6 months post adoption follow-up call when The Children's Bridge families are first home from country with their child.

To book a Post Adoption Consultation, please contact [Karyn Bakelaar](#), [Darlene Catton](#) or [Cathy Murphy](#).

Pre and Post Adoption Events

The Children's Bridge will be hosting the following workshops and post adoption groups in the coming months: Adoption Panels in Ottawa and the GTA, Parent Support Group in Ottawa, Connect-A-Kid Ottawa and Information Sessions. Please check our web site at www.childrensbridge.com under events.

Connect-A-Kid Ottawa

Please check our web site at www.childrensbridge.com under events for our June and July upcoming events! If you are an adoptee in the Ottawa area we welcome your participation in our events!

Book List and Recommended Reading

Below you will find a list of books related to adoption, trauma-informed parenting, race, culture, ethnicity or just every day books that feature kids of colour. I will be adding to the list monthly, and if you have favourite book list you'd like to share, please feel free to email them to me at Karyn.bakelaar@childrensbridge.com.

We encourage families to keep in mind these books are good for every child to have as part of their library - adopted or not, person of colour or not - as exposure to diversity, different ways to make a family, etc. can only lead to more tolerance and acceptance for everyone!

Previous Booklists have been archived and can be accessed through the Member's Area of our website, or by emailing Karyn at Karyn.bakelaar@childrensbridge.com

 - Applicants must be free from criminal record.
 - Applicants must be in good physical and emotional health.
- Children will be 18+ months at time of referral
- Children with various special needs such as HIV, Hepatitis, hearing and vision loss etc are also available for adoption.

Please contact Program Manager at karyn.bakelaar@childrensbridge.com to be placed on the wait list (applicants will be called once the program is open to accepting applications).

Please Note: I will be working remotely over the next few months, but will be available as per usual via email and by telephone/Skype. If you need to speak to someone in our office for urgent matters, please contact Cathy Murphy at 613-226-2112 ext. 6.

USA / Florida Adoption Program

Karyn Bakelaar - Program Manager

The Children's Bridge is now able to work with any Hague accredited adoption services providers in the State of Florida. Please contact us with specific requests or if you would like assistance with completing an adoption from Florida.

Adoption by Shepherd Care (ASC)

This adoption program is currently full, and a call-back list (wait list) is now in effect. The cost to being placed on a call-back list is \$100/annually, plus an annual membership with The Children's Bridge. The timelines remain consistent with families being selected by expectant mothers approximately 9 - 18 months after their file is active in Florida. Babies are approximately 5 - 10 days old when placed in their adoptive families. Please review requirements for this program carefully, as Florida is quite strict on requirements for adoptive families.

Please contact the Program Manager, [Karyn Bakelaar](#), for further information on this adoption program.

Program Changes

Adoption by Shepherd's Care has made some recent changes in their policies, and will now be prioritizing the files of families with known infertility issues, are childless, are experiencing secondary infertility, or have previously adopted a child through ASC or another adoption program.

ACF Adoptions

We are now able to accept a small number of applications for this adoption program. We will be prioritizing same-sex applicants as well as singles for this adoption program. Please contact the Program Manager ([Karyn Bakelaar](#)) for further information on this adoption program.

USA ADOPTIONS - CHART OF FAMILY PROGRESS

ADOPTION BY SHEPHERD CARE (ASC)

	FAMILY	STAGE OF PROCESS
1	Family R & R	File Active - Waiting to be Matched
2	Family A & B	Completing Homestudy
3	Family C & P	Completing Homestudy
4	Family K & K	Completing Homestudy
5	Family A & T	Completing Homestudy
6	Family D & S	Completing Homestudy

The above chart will not be updated when waiting families are matched with expectant parents in Florida, as there are still too many unknowns at that point in the process. The chart will be updated after the birth of the child, following the signing of final consents in the USA.

If you would like any information on the Florida adoption program, please contact the Florida Program Manager, Karyn Bakelaar at karyn.bakelaar@childrensbridge.com or 1-613-2112 ext. 2 for further information.

Please Note: I will be working remotely over the next few months, but will be available as per usual via email and by telephone/Skype. If you need to speak to someone in our office for urgent matters, please contact Cathy Murphy at 613-226-2112 ext. 6.

Republic of Zambia Adoption Program

We are now able to accept two (2) new families into this adoption program. Applicants must be married (our quota for singles is currently full), and live in a diverse area of the country. Please review the Zambia program requirements before inquiring about this adoption program - you must meet all requirements and be able to complete the long in-country stay (6 - 7 months). Applicants are able to begin parental leave through EI once they take custody of their child in Zambia (approximately 3 - 4 weeks after arrival).

At this point, The Children's Bridge has completed two adoptions from Zambia, and we have one relative adoption in the final stages of visa processing. We have one family currently waiting for a child proposal from Zambia. There are two spaces available in this adoption program.

If you would like any information on the Zambian adoption program, please contact the Zambian Program Manager, Karyn Bakelaar at karyn.bakelaar@childrensbridge.com or 1-613-2112 ext. 2 for further information.

India Program

Karyn Bakelaar - Program Manager

Email Karyn: karyn.bakelaar@childrensbridge.com

Tel: (613) 226-2112 Ext 2

We are currently accepting applications for this adoption program. We currently have 6 families in process to adopt from India, and are able to work with adoptive families across Canada (except for Quebec). This program is open to families of non-Indian descent, as well as those who are of Indian descent.

CARA is now accepting families for both their mainstream program and their special needs stream. Timelines and age of children available will depend on which stream a prospective adoptive family applies to.

In the mainstream program, most children are over age 2 at time of referral, while in the special needs stream children are sometimes a bit younger when placed. Special needs vary widely, and can include (but are not limited to): hearing and/or vision issues, HIV, Hepatitis B, developmental delays, heart issues such as ASD or VSD, etc.

Many older children without known health issues are also available for immediate placement. There are many older children waiting for families in India so CARA is able to match families fairly quickly who are open to children over the age of 7 or 8 years old.

If you would like any information about the India Adoption program, please contact me at 613-226-2112 ext. 2, or at Karyn.bakelaar@childrensbridge.com.

Family's Progress

- Family S and D was matched with a child in January 2018, and is at the final stages of the adoption process. Their CIC application was submitted to Delhi recently, and they will be traveling to India to meet their daughter.
- Family P and A were matched with a waiting child in March 2018. CARA has issued their NOC, and they are currently awaiting a court date in India.
- Family K and M have been matched with a waiting child, and are currently waiting for original documents to be sent from India.
- Family S is currently completing a home study, which will be submitted to MCYS this week for review and approval.
- Family A and B are currently completing a home study.

OCI Status:

CARA's guideline's certainly say that adopted children are eligible for OCI status - this is from the US State department: CARA's [Guidelines Governing the Adoption of Children, 2015](#) state that an adopted Indian child shall be entitled to receive an Overseas Citizen of India (OCI) card, if found eligible. For more information about the procedure for applying for OCI status for your child, please contact the nearest Indian Embassy or consulate.

Families can apply online for OCI status here : <https://passport.gov.in/oci/welcome>

Relinquishing Indian Passport and Renouncing Citizenship

Once families are home in Canada with their children, they must complete a formal process renouncing Indian citizenship (dual citizenship is not possible in this adoption program). This must be done within 3-years of receiving Canadian Citizenship (or Record of Landing if you complete the Permanent Resident Visa route). It is very important to complete this step, as failure to do so may result in penalties when your child travels back to India at any point in their life. It is a punishable offence under the Indian Passport Act, 1967, to apply for an Indian passport, continue to hold an Indian passport, get an Indian passport re-issued or travel on an Indian passport after acquiring foreign citizenship. Under Indian law, Persons of Indian Origin (PIOs) who have acquired foreign citizenship are required to surrender their Indian passports to the nearest Indian Mission/Post immediately after acquisition of foreign citizenship.

Please see this link for more information on relinquishing Indian citizenship and relinquishing your child's Indian passport: http://www.blsindia-canada.com/renunciation_ppt.php

Foreigners Regional Registration Office and NOC

There has been a new requirement put in place by the Indian government that all families must obtain a "No Objection Certificate" (NOC) from the Foreigners Regional Registration Office (FRRO) before you bring your child home from India. This is also a requirement for adoptive parents who hold OCI status and will travel on a Canadian passport. This NOC is essentially an exit permit and families will need to apply for it at the FRRO before departing India.

The adoptive parents are advised to first contact the FRRO office to request an appointment date and bring along with them the printout of the online application form and relevant documents pertaining to their adoption. The exit permit(s) shall be granted within three working days after submission.

I am happy to provide traveling families with more detailed information about this process once they are at this stage in their adoption process. **Please note:** It is highly recommended that all families travel to Delhi in order to apply to the Delhi FRRO office. The Delhi office is more familiar with the process and has been able to keep to the 3-day turnaround time. As well, the CARA office is close in proximity, which means documents that are needed can be accessed in person and in a timely fashion by the adoptive family or the FRRO officers.

CARA has advised that parents can contact the FRRO support desk by telephone at 91 11 2671-1443 or by e-mail at frrodli.support@nic.in OR frrodli.support@gov.in for assistance in obtaining this document.

The address for the FRRO office in Delhi is as follows:

Foreigners Regional Registration Office
East Block VIII Level II ,
Sec 1, R K Puram, Delhi - 110066
+(91)-(11)-26711074, 26711384, 26711443, 26711348

If you have any questions about the India adoption program, please do not hesitate to contact me at Karyn.bakelaar@childrensbridge.com.

Please Note: I will be working remotely over the next few months, but will be available as per usual via email and by telephone/Skype. If you need to speak to someone in our office for urgent matters, please contact Cathy Murphy at 613-226-2112 ext. 6.

Hope you are enjoying this Spring weather that has finally arrived!

To start this month's update, A Korea fun fact for you:

Origins of Korea's name

The name "Korea" comes from Goryeo, which was the name given to the dynasty established by General Wang Geon in AD918. Goryeo means "high and clear." Some poetic interpretations of the name Korea are "Land of High Mountains and Sparkling Streams" and "Land of the Morning Calm."

Referral News

Referral timelines can take up to 8 months estimated from time file is received in Korea.

Court Dates and Travel Notices

Two of our families attended court on April 19 and now anxiously wait for news of their second trip.

On your first trip to Korea SWS will arrange for two visits with baby and foster family, a third may be squeezed in depending on your travel timeline and SWS schedules.

There are many stages of waiting during an adoption journey, and waiting to travel to receive your child (second trip) can be the toughest one - my advice is to stay busy and continue to get ready to welcome the newest addition to your family. If you need support during this wait please do not hesitate to reach out to me.

What to Expect at the Adoption Court Hearing:

Below is some information from SWS regarding what to expect at the court hearings in Korea. We hope that all families will feel prepared as they attend court for the finalization of their adoption, and encourage all families to review the questions below and how they would answer each one. Families will either attend court on a Thursday or Friday, and SWS has compiled some questions that families have been asked by each judge. We advise that families should prepare themselves for all questions regardless of which day they attend court.

The following are examples of questions that a judge may ask:

1. Did you meet with your prospective adoptive child? How was it? How did the child do?
2. If you have a child/children, does he/she/they know about this adoption? How did he/she/they respond?
3. After meeting with the prospective adoptive child, was there any change in your decision to adopt?
4. Questions about the occupations of the parents
5. Who is going to be the primary caretaker?
6. How are you going to raise your child (your parenting plan)?
7. What is your motivation to adopt from Korea? Is there any community around you or your neighborhood that can support your adoption?
8. How long has it been since you first applied for adoption?
9. When were you matched with your child? Or how long has it been since the matching?
10. Was there any difficulty in pursuing the adoption process?
11. Will you complete your child's Canadian Citizenship once you've arrived home? Do you understand the process and requirement of Canadian Citizenship?
12. Lastly do you have anything to say?

Some judges may ask questions based on the homestudy and psychological evaluation. Reviewing your own homestudy and psychological evaluation report beforehand would be very helpful.

When you answer the judge, you should be looking at him/her, not the translator, although he/she may not be able to understand what you say. And please smile! Don't be nervous! You just show how much you love your child and just be truthful!

Families may be permitted to leave the Court House right after their short hearing. After court, families find their own way back to their hotel either via taxi or subway.

Information on Adopting a Second Child from South Korea

We have received information from SWS about families that are interested in pursuing a second adoption from South Korea. The Ministry of Health and Welfare has agreed to accept families who are under the age of 50 at time of placement for second adoptions, or for first adoptions if the family is of Korean heritage or an adult adoptee.

Prospective adoptive parents would be required to receive special permission regarding their age in advance. If a family is interested in completing an adoption and is over the age of 45, SWS will ask the Ministry for permission before the family can proceed.

The conditions in which the upper age limit for adoptive parents may be 50 at time of placement are as follows:

- Both parents are of Korean heritage, OR
- Either parent is an adoptee themselves (of any heritage), OR
- Parents (of any heritage) already have previously adopted a child from Korea.

Due to the approximate time frame for adoptions from South Korea, SWS has informed us that they would require the family's dossier before they turn 48.

If you meet these requirements and are interested in adopting from South Korea, please do not hesitate to contact me for further details.

Adoption Order and Confirmation of Permanent Residence

Historically, the estimated time for COPR issuing is 2 to 12 weeks after Manila receives paperwork from SWS. However, we've seen as long as 16 weeks for a few cases. SWS will send the immigration paperwork to Manila approximately 1 week after the confirmed adoption order has been issued as there is translation required. SWS will inform us when a family is ready to travel for the second trip once they have received the COPR, not when Manila says they have issued it as we do not want families waiting in Korea for an indefinite and longer stay.

Health Card Application

Please contact Service Ontario before you submit your application to ensure you submit the correct supporting documents with regard to your child's adoption and permanent residence. One of the documents you'll need to bring with you is a copy of the Letter of No Objection issued by The Ministry of Children and Youth Services when they approved the proposed placement shortly after your referral arrived.

Service Ontario will issue the Health Card in your child's Korean birth name. You'll then need to complete a name change on the card once you've completed a legal name change one year after placement and once Canadian Citizenship has been received.

All internationally adopted children are exempt from the 3 month waiting period, please refer to this link and have the information handy when you go to Service Ontario:

http://www.health.gov.on.ca/en/public/publications/ohip/international_adoptions.aspx

Applying for Canadian Citizenship

Families who have returned home must complete the application for Canadian citizenship for their child within 30 days of arriving home. All of the children adopted from Korea will be returning to Canada as permanent residents and therefore families will need to apply for citizenship as it is **not automatically granted** to internationally adopted children.

A copy of the completed application should be scanned and emailed to our agency and I will forward to SWS. The family court in Seoul will not issue Adoption Orders if families do not comply and apply for citizenship. Not applying for citizenship will affect all families in process waiting for their Adoption Order.

Please note that IRCC has updated their website and their forms. The current citizenship application that should be completed by families when they return home is found here:

IRCC Links:

<http://www.cic.gc.ca/english/immigrate/adoption/index.asp>

IRCC Call Centre: 1-888-242-2100

Families who have arrived home with their children after November 2016 have been instructed by IRCC to have the Adoption Order officially translated. We find this very strange as two original Adoption Orders are given to the adoptive parents, one in Korean and one in English. Families have also had to provide a translated Adoption Order in order to apply for a Canadian Passport. If you have any difficulties, we suggest that you contact IRCC to ask specific questions about your application.

If you have any questions about the South Korea adoption program, please do not hesitate to contact me at maria.fulford@childrensbridge.com

Homeland Visit - South Korea

One family embarked on their custom homeland journey on May 6th and returned on the 17th.

Here's what they had to say about their trip:

This trip meant a lot because I was able to visit the city where I was born. It's too hard to choose my favourite part, it was all awesome!

-N.S., age 10-

I was curious about where I was born and now I know. The bulgogi was delicious and the KTX train was so cool!

-B.S., age 11 1/2-

Our family's homeland visit was an amazing experience. We enjoyed the freedom and flexibility of a modified itinerary that suited our travel style perfectly. We were on our own to discover Seoul on a relaxed schedule, but also journeyed to Busan for the first time accompanied by a knowledgeable and experienced tour guide.

Our guide, Grace was a wealth of information that enriched our visits to many popular destinations. Grace was accommodating and responsive to our children's interests. She took us to places we would never have ventured to on our own, and for this we are grateful.

We felt an immediate connection between what we've learned attending culture classes with the Association for Families of Korean Adoptees in Ottawa to the culture of our children's birth country. In particular, we learned about the historical significance of Haenyeo divers at the Korean Cultural Centre last winter, and then had the great privilege to observe these women divers in the sea on our homeland visit. This was a highlight we won't forget and provided a deep learning opportunity for our children.

Thanks to Maria, Children's Bridge, the SWS and Grace for helping to make this dream come true for our family.

-K & A S. -

Our December Homeland participants described it as an "outstanding trip", "a trip of a lifetime". A custom itinerary was created that covered history, culture, sports, adventure in nature, cuisine, and of course the highly anticipated SWS visit.

See Hana's touching and eloquently written homeland story in our March Newsletter. This is "A MUST READ". https://childrensbridge.com/wp-content/uploads/2018/04/CBNEWS_Vol27March2018.pdf

The July/August 2018 South Korea registration packages are now on-line (check out the link below). July/August tour dates are July 27th to August 5th . This tour will take you to dynamic Seoul where you'll also visit SWS, breathtaking Seoraksan, the 2018 Winter Olympic Village, and other areas of Korea that are rich in history and culture. Of course it's spiced up with Gimchi, K-Pop and some technology. We aim to deliver a homeland that will leave you with long lasting memories and a deep sense of appreciation of your child's birth country.

Five families have sent in their retainers and are working on their dossiers. These files will be part of the 2018 quota.

I have sent two retainers to other families and expect those back by the middle to the end of June.

We have been given our quota from the Department of Children and Youth and it remains at 9. This means that we can send 9 files in 2018. This quota does not include those adopting older child (over the age of 4) or those adopting a child with special medical needs.

Our quota from the Thai Red Cross Children's Home is 3 again this year.

If I do not have a signed retainer on hand, you will not be guaranteed a spot in the program.

Once you have received a retainer agreement, you have 30 days to return it to us.

Finalization

Adoptions are finalized at the Royal Thai Embassy in Ottawa or the Royal Thai Consulate General in Vancouver.

Paperwork Change - Dossier - Effective Immediately

The Ontario Ministry of Children and Youth Services have asked that, along with the home study and Thailand medical, we must also submit the psychological assessment. Please begin the steps to complete this assessment when you start your home study.

AdopTALK

You should plan to attend our 2 day AdopTALK workshop about 6 - 8 months before you anticipate receiving your proposal. All details for AdopTALK are on our [website](#) .

Attendance at AdopTALK is mandatory no matter where a family live or what other training they take.

The next AdopTALK workshop in the GTA will be held October 27th and 28th in Newmarket. All details are now [on-line](#) .

Ministry

The Ministry has indicated that they continue to process home studies and updates in 4 - 6 weeks and proposals in 5 - 10 business days.

Waiting Children Program

If you are interested in adopting an older child (over 4 years of age) or a child with special medical needs, this type of adoption will not count in the same quota for mainstream adoptions and the requirements for

families adopting older children or those with special needs are not as restrictive (for example, the age of the adoptive applicants and/or other children in the home could be amended). The timeline could be quicker but we don't know by how much.

Please note that this program is also open to single applicants.

If you are interested in this program, please contact me for more detailed information.

Travelling outside of Canada (before adoption finalization)

When you come home with your child and you want to travel with him/her outside of Canada, you are required to obtain a Statutory Declaration from our office (or your provincial ministry for those outside of Ontario) to travel since the adoption is not finalized. The Children's Bridge (or the provincial ministry) is the guardian of the child until the adoption is finalized. Finalization happens approximately 1 year after you arrive home. Please contact me if you are travelling outside of Canada. Children travelling to the US before finalization need to obtain a US visitor's Visa as they are not Canadian Citizens. Please call your local US consulate for further details.

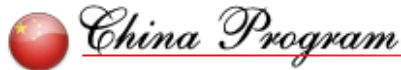

Immigration Sponsorship

Please ensure that you have applied for Immigration Sponsorship approximately 12 - 18 months after your dossier has gone to Thailand. Timelines have become a little unpredictable and we want to make sure that you have been approved to sponsor well before a referral is received. We have just learned that Immigration Sponsorship approvals expire after 2 years and so we have changed when you apply for this.

Citizenship and Immigration 1-888-242 2100

<http://www.cic.gc.ca/english/information/applications/family.asp>

Once you submit this to immigration you will receive a letter with a UCI # and Application Number on it. Please note these used to be called Kit and Client ID #. Please email this number to me and/or scan and email me a copy of the document. Keep the package that CIC sends to you in a safe place, as you will need to take it to Thailand with you. Immigration paperwork must be completed well before you receive your referral.

CCCWA

The CCCWA have advised us that they have matched up to February 7, 2007. They are unable to tell us when our one remaining family can expect a referral and in fact, issued a memo to all agencies stating that they will no longer be matching by date stamp.

Some of the feedback:

" Excellent trip. It was particularly enjoyable knowing that our daughter was getting so much out of it."

"We had an absolutely wonderful trip!"

"My daughter loved her first China experience and has already asked to go back again in a few years. I personally loved that she made a connection with another girl on our trip and that we will get them together in future. Having a friend close in age in an exact same situation that she can talk to as she ages is great for them both. And I made some new friends too!"

"The fact we were able to meet and spend significant time with my daughter's foster parents is amazing."

"It was the most amazing journey and we are very grateful to Children's Bridge and Journey Home Tours for their tremendous organization."

"Our trip was truly awesome. As I've told people since getting back, I think we went through every emotion possible - excitement and anticipation, heartfelt thanks, anxiety, frustration, disappointment, joy, and certainly a special bonding of the three of us as we shared this special time together."

We currently have 10 families in process in our China WC Program (8 families with dossiers logged in at the CCCWA in Beijing awaiting child proposals and 2 new families who are open to adopting older boys)

The CCCWA continues to post new files on their shared list every month. There are currently over 1,000 children's files on the shared list but the majority of these children have high non-correctable special medical needs or are older children (mostly boys between 10 - 14 years of age). The Children's Bridge continues to attempt to match our 8 waiting families and 2 of our families have received child proposals in the past few weeks but after consultation with international medical clinics they found the children's potential medical needs were higher than they felt they could support. We will continue to keep you updated about the children waiting for families on the CCCWA Online System.

Please note, the CCCWA is no longer sending individual children's files to agencies and all Hosting Camps have been cancelled by Civil Affairs, PR of China.

If you would like to speak with me about the China WC Program I would be pleased to hear from you. I am in the office Monday - Thursday or you can reach me by email at cathy.murphy@childrensbridge.com
