Notes From Karyn's Desk

Karyn Bakelaar - Executive Director

While September can be a time of returning to schedules and more predictability, some children require more support in a new learning environment than others. Being proactive with a new school, classroom or daycare can help alleviate some stress as kids work to adapt to a new environment. Below are some resources that may help with some of the changes September can often bring.

Adoption 101 - For Teachers:

NACAC - Adoption and Schools:

Child Mind Institute - Trauma and School:

Providing some, or all of these resources to your child's teacher, principal and/or support worker can help set the school year off on the right foot. We hope you all have a wonderful 2018/2019 school year!

Confirmation of Permanent Residence (COPR) is replaces the Record of Landing

Every person who lands in Canada as a permanent resident is no longer given an IMM 1000 Record of Landing document. The COPR now is the document issued at time of entry and replaces the Record of Landing.

The COPR must be kept as part of your child's adoption records as they'll require it when applying for Old Age Pension through Service Canada.

For more information on the COPR:

<https://recordoflanding.ca/faqs/what-is-a-confirmation-of-permanent-residence/>

The Children's Bridge recommends all families keep their child's COPR, original adoption paperwork, legal documents, citizenship and passport in a home safe or safety deposit box for safe keeping as these documents are irreplaceable.

Book List and Recommended Reading

Below you will find a list of books related to adoption, trauma-informed parenting, race, culture, ethnicity or just every day books that feature kids of colour. I will be adding to the list monthly, and if you have favourite book list you'd like to share, please feel free to email them to me at Karyn.bakelaar@childrensbridge.com.

We encourage families to keep in mind these books are good for every child to have as part of their library - adopted or not, person of colour or not - as exposure to diversity, different ways to make a family, etc. can only lead to more tolerance and acceptance for everyone!

The Children's Bridge is now able to work with any Hague accredited adoption services providers in the State of Florida. Please contact us with specific requests or if you would like assistance with completing an adoption from Florida.

Adoption by Shepherd Care (ASC)

This adoption program is currently full, and a call-back list (wait list) is now in effect. The cost to being placed on a call-back list is \$100/annually, plus an annual membership with The Children's Bridge. The timelines remain consistent with families being selected by expectant mothers approximately 9 - 18 months after their file is active in Florida. Babies are approximately 5 - 10 days old when placed in their adoptive families. Please review requirements for this program carefully, as Florida is quite strict on requirements for adoptive families.

Please contact the Program Manager, [Karyn Bakelaar](mailto:Karyn.Bakelaar@childrensbridge.com), for further information on this adoption program.

Program Changes

Adoption by Shepherd's Care has made some recent changes in their policies, and will now be prioritizing the files of families with known infertility issues, are childless, are experiencing secondary infertility, or have previously adopted a child through ASC or another adoption program.

ACF Adoptions

We are now able to accept a small number of applications for this adoption program. We will be prioritizing same-sex applicants as well as singles for this adoption program. Please contact the Program Manager ([Karyn Bakelaar](mailto:Karyn.Bakelaar@childrensbridge.com)) for further information on this adoption program.

USA ADOPTIONS - CHART OF FAMILY PROGRESS

ADOPTION BY SHEPHERD CARE (ASC)

	FAMILY	STAGE OF PROCESS
1	Family R & R	In Florida completing adoption of daughter
2	Family A & B	Completing Dossier

3	Family C & P	Completing Homestudy
4	Family K & K	Homestudy Submitted to MCYS
5	Family A & T	Completing Homestudy
6	Family D & S	Completing Homestudy

The above chart will not be updated when waiting families are matched with expectant parents in Florida, as there are still too many unknowns at that point in the process. The chart will be updated after the birth of the child, following the signing of final consents in the USA.

If you would like any information on the Florida adoption program, please contact the Florida Program Manager, Karyn Bakelaar at karyn.bakelaar@childrensbridge.com or 1-613-2112 ext. 2 for further information.

We are now able to accept two (2) new families into this adoption program. Applicants must be married (our quota for singles is currently full), and live in a diverse area of the country. Please review the Zambia program requirements before inquiring about this adoption program - you must meet all requirements and

be able to complete the long in-country stay (6 - 7 months). Applicants are able to begin parental leave through EI once they take custody of their child in Zambia (approximately 3 - 4 weeks after arrival).

At this point, The Children's Bridge has completed two adoptions from Zambia, and we have one relative adoption in the final stages of visa processing. Our waiting family was recently matched with a child in Zambia. There are two spaces available in this adoption program.

Sincere congratulations are extended to our waiting family who was recently matched with a waiting child in Zambia! They are now in Zambia completing the mandatory 3-month fostering period.

If you would like any information on the Zambian adoption program, please contact the Zambian Program Manager, Karyn Bakelaar at karyn.bakelaar@childrensbridge.com or 1-613-2112 ext. 2 for further information.

India Program

Karyn Bakelaar - Program Manager

Email Karyn: karyn.bakelaar@childrensbridge.com

Tel: (613) 226-2112 Ext 2

We are currently accepting applications for this adoption program. We currently have 6 families in process to adopt from India, and are able to work with adoptive families across Canada (except for Quebec). This program is open to families of non-Indian descent, as well as those who are of Indian descent.

CARA is now accepting families for both their mainstream program and their special needs stream. Timelines and age of children available will depend on which stream a prospective adoptive family applies to.

In the mainstream program, most children are over age 2 at time of referral, while in the special needs stream children are sometimes a bit younger when placed. Special needs vary widely, and can include (but are not limited to): hearing and/or vision issues, HIV, Hepatitis B, developmental delays, heart issues such as ASD or VSD, etc.

Many older children without known health issues are also available for immediate placement. There are many older children waiting for families in India so CARA is able to match families fairly quickly who are open to children over the age of 7 or 8 years old.

If you would like any information about the India Adoption program, please contact me at 613-226-2112 ext. 2, or at karyn.bakelaar@childrensbridge.com.

Family's Progress

- Congratulations to Sarah and Lucas who are now home in Canada with their new daughter.
- Family P and A were matched with a waiting child in March 2018. Court has been completed and they are currently waiting for travel documents to be issued.
- Family K and M have been matched with a waiting child, and are currently waiting for a court date to be scheduled in India.
- Family S has received home study approval, and we are currently processing their dossier to be approved by CARA.
- Family A and B are currently completing a home study.
- Family A and M have submitted their dossier to CARA and are currently awaiting for approval.

OCI Status:

CARA's guideline's certainly say that adopted children are eligible for OCI status - this is from the US State department: CARA's [Guidelines Governing the Adoption of Children, 2015](#) state that an adopted Indian child shall be entitled to receive an Overseas Citizen of India (OCI) card, if found eligible. For more information about the procedure for applying for OCI status for your child, please contact the nearest Indian Embassy or consulate.

Families can apply online for OCI status here : <https://passport.gov.in/oci/welcome>

Relinquishing Indian Passport and Renouncing Citizenship

Once families are home in Canada with their children, they must complete a formal process renouncing Indian citizenship (dual citizenship is not possible in this adoption program). This **must** be done within 3-

years of receiving Canadian Citizenship (or Record of Landing if you complete the Permanent Resident Visa route). It is **very important** to complete this step, as failure to do so may result in penalties when your child travels back to India at any point in their life. It is a punishable offence under the Indian Passport Act, 1967, to apply for an Indian passport, continue to hold an Indian passport, get an Indian passport re-issued or travel on an Indian passport after acquiring foreign citizenship. Under Indian law, Persons of Indian Origin (PIOs) who have acquired foreign citizenship are required to surrender their Indian passports to the nearest Indian Mission/Post immediately after acquisition of foreign citizenship.

Please see this link for more information on relinquishing Indian citizenship and relinquishing your child's Indian passport: http://www.blsindia-canada.com/renunciation_ppt.php

Foreigners Regional Registration Office and NOC

There has been a new requirement put in place by the Indian government that all families must obtain a "No Objection Certificate" (NOC) from the Foreigners Regional Registration Office (FRRO) before you bring your child home from India. This is also a requirement for adoptive parents who hold OCI status and will travel on a Canadian passport. This NOC is essentially an exit permit and families will need to apply for it at the FRRO before departing India.

The adoptive parents are advised to first contact the FRRO office to request an appointment date and bring along with them the printout of the online application form and relevant documents pertaining to their adoption. The exit permit(s) shall be granted within three working days after submission.

I am happy to provide traveling families with more detailed information about this process once they are at this stage in their adoption process. **Please note:** It is highly recommended that all families travel to Delhi in order to apply to the Delhi FRRO office. The Delhi office is more familiar with the process and has been able to keep to the 3-day turnaround time. As well, the CARA office is close in proximity, which means documents that are needed can be accessed in person and in a timely fashion by the adoptive family or the FRRO officers.

CARA has advised that parents can contact the FRRO support desk by telephone at 91 11 2671-1443 or by e-mail at frrodli.support@nic.in OR frrodli.support@gov.in for assistance in obtaining this document.

The address for the FRRO office in Delhi is as follows:

Foreigners Regional Registration Office
East Block VIII Level II ,
Sec 1, R K Puram, Delhi - 110066
+(91)-(11)-26711074, 26711384, 26711443, 26711348

Referral News

Family A&A received a referral last week for a very adorable 6 month-old baby boy. Wait for referral was 5 months from time dossier was sent to Korea.

Court Dates and Travel Notices

Family D&J attended court on September 14 and had the opportunity to fit in two visits with their child and foster family. They are eager to receive notice that COPR has been issued so they can make their second trip to receive their child.

On your first trip to Korea SWS will arrange for two visits with baby and foster family, a third may be squeezed in depending on your travel timeline and SWS schedules.

There are many stages of waiting during an adoption journey, and waiting to travel to receive your child (second trip) can be the toughest one - my advice is to stay busy and continue to get ready to welcome the newest addition to your family. If you need support during this wait please do not hesitate to reach out to me.

Timelines from referral acceptance to travel for court (first trip) can take an estimated 7 to 12 months once referral acceptance is submitted to SWS. Each case is different and court date notices can be set out of order. Timelines cannot be guaranteed.

Estimated second travel notice is issued once Confirmation of Permanent Residence (COPR) is received by SWS can take anywhere from 6 to 12 weeks from court date.

AdopTALK

You should plan to attend our 2 day AdopTALK workshop before or shortly after your completed home study is submitted, as the certificate must be included in your dossier for Korea. All details for [AdopTALK](#) are on

our website.

Attendance at AdopTALK is mandatory no matter where a family live or what other training they take.

The next AdopTALK will be held October 27th and 28th, 2018 in Newmarket, Ontario and Ottawa AdopTALK (January 26/27) . Registration details: <https://childrensbridge.com/events/category/adoptalk/> .

What to Expect at the Adoption Court Hearing:

Below is some information from SWS regarding what to expect at the court hearings in Korea. We hope that all families will feel prepared as they attend court for the finalization of their adoption, and encourage all families to review the questions below and how they would answer each one. Families will either attend court on a Thursday or Friday, and SWS has compiled some questions that families have been asked by each judge. We advise that families should prepare themselves for all questions regardless of which day they attend court.

The following are examples of questions that a judge may ask:

1. Did you meet with your prospective adoptive child? How was it? How did the child do?
2. If you have a child/children, does he/she/they know about this adoption? How did he/she/they respond?
3. After meeting with the prospective adoptive child, was there any change in your decision to adopt?
4. Questions about the occupations of the parents
5. Who is going to be the primary caretaker?
6. How are you going to raise your child (your parenting plan)?
7. What is your motivation to adopt from Korea? Is there any community around you or your neighborhood that can support your adoption?
8. How long has it been since you first applied for adoption?
9. When were you matched with your child? Or how long has it been since the matching?
10. Was there any difficulty in pursuing the adoption process?
11. Will you complete your child's Canadian Citizenship once you've arrived home? Do you understand the process and requirement of Canadian Citizenship?
12. Lastly do you have anything to say?

Some judges may ask questions based on the homestudy and psychological evaluation. Reviewing your own homestudy and psychological evaluation report beforehand would be very helpful.

When you answer the judge, you should be looking at him/her, not the translator, although he/she may not be able to understand what you say. And please smile! Don't be nervous! You just show how much you love your child and just be truthful!

Families may be permitted to leave the Court House right after their short hearing. After court, families find their own way back to their hotel either via taxi or subway.

Information on Adopting a Second Child from South Korea

We have received information from SWS about families that are interested in pursuing a second adoption from South Korea. The Ministry of Health and Welfare has agreed to accept families who are under the age of 50 at time of placement for second adoptions, or for first adoptions if the family is of Korean heritage or an adult adoptee.

Prospective adoptive parents would be required to receive special permission regarding their age in advance. If a family is interested in completing an adoption and is over the age of 45, SWS will ask the Ministry for permission before the family can proceed.

The conditions in which the upper age limit for adoptive parents may be 50 at time of placement are as follows:

- Both parents are of Korean heritage, OR
- Either parent is an adoptee themselves (of any heritage), OR
- Parents (of any heritage) already have previously adopted a child from Korea.

Due to the approximate time frame for adoptions from South Korea, SWS has informed us that they would require the family's dossier before they turn 48.

If you meet these requirements and are interested in adopting from South Korea, please do not hesitate to

contact me for further details.

Adoption Order and Confirmation of Permanent Residence

Historically, the estimated time for COPR issuing is 2 to 12 weeks after Manila receives paperwork from SWS. However, we've seen as long as 16 weeks for a few cases. SWS will send the immigration paperwork to Manila approximately 1 week after the confirmed adoption order has been issued as there is translation required. SWS will inform us when a family is ready to travel for the second trip once they have received the COPR, not when Manila says they have issued it as we do not want families waiting in Korea for an indefinite and longer stay.

Health Card Application

Please contact Service Ontario before you submit your application to ensure you submit the correct supporting documents with regard to your child's adoption and permanent residence. One of the documents you'll need to bring with you is a copy of the Letter of No Objection issued by The Ministry of Children and Youth Services when they approved the proposed placement shortly after your referral arrived.

Service Ontario will issue the Health Card in your child's Korean birth name. You'll then need to complete a name change on the card once you've completed a legal name change one year after placement and once Canadian Citizenship has been received.

All internationally adopted children are exempt from the 3 month waiting period, please refer to this link and have the information handy when you go to Service Ontario:

http://www.health.gov.on.ca/en/public/publications/ohip/international_adoptions.aspx

Applying for Canadian Citizenship

Families who have returned home must complete the application for Canadian citizenship for their child within 30 days of arriving home. All of the children adopted from Korea will be returning to Canada as permanent residents and therefore families will need to apply for citizenship as it is **not automatically granted** to internationally adopted children.

A copy of the completed application should be scanned and emailed to our agency and I will forward to SWS. The family court in Seoul will not issue Adoption Orders if families do not comply and apply for citizenship. Not applying for citizenship will affect all families in process waiting for their Adoption Order.

Please note that IRCC has updated their website and their forms. The current citizenship application that should be completed by families when they return home is found here:

IRCC Links:

<http://www.cic.gc.ca/english/immigrate/adoption/index.asp>

IRCC Call Centre: 1-888-242-2100

Families who have arrived home with their children after November 2016 have been instructed by IRCC to have the Adoption Order officially translated. We find this very strange as two original Adoption Orders are given to the adoptive parents, one in Korean and one in English. Families have also had to provide a translated Adoption Order in order to apply for a Canadian Passport. If you have any difficulties, we suggest that you contact IRCC to ask specific questions about your application.

One family's dossier is waiting for an addendum at the AB Ministry and will then be sent to Thailand.

Four families have sent in their retainers and are working on their dossiers. These files will be part of the 2018 quota. Four families have a retainer and are working on their dossier. One other family has begun the process.

Finalization

Adoptions are finalized at the Royal Thai Embassy in Ottawa or the Royal Thai Consulate General in Vancouver.

Paperwork Change - Dossier - Effective Immediately - ONTARIO ONLY

The Ontario Ministry of Children, Community and Social Services have asked that, along with the home study and Thailand medical, we must also submit the psychological assessment. Please begin the steps to complete this assessment when you start your home study.

AdopTALK

You should plan to attend our 2 day AdopTALK workshop about 6 - 8 months before you anticipate receiving your proposal. All details for AdopTALK are on our [website](#) .

Attendance at AdopTALK is mandatory no matter where a family live or what other training they take.

The next AdopTALK workshop in the GTA will be held October 27th and 28th in Newmarket and in Ottawa on January 26th and 27th, 2019. All details are now [on-line](#) .

Ontario Ministry

The Ministry has indicated that they continue to process home studies and updates in 4 - 6 weeks and proposals in 5 - 10 business days.

Waiting Children Program

If you are interested in adopting an older child (over 4 years of age) or a child with special medical needs, this type of adoption will not count in the same quota for mainstream adoptions and the requirements for families adopting older children or those with special needs are not as restrictive (for example, the age of the adoptive applicants and/or other children in the home could be amended). The timeline could be quicker but we don't know by how much.

Please note that this program is also open to single applicants.

If you are interested in this program, please contact me for more detailed information.

Travelling outside of Canada (before adoption finalization)

When you come home with your child and you want to travel with him/her outside of Canada, you are required to obtain a Statutory Declaration from our office (or your provincial ministry for those outside of Ontario) to travel since the adoption is not finalized. The Children's Bridge (or the provincial ministry) is the

guardian of the child until the adoption is finalized. Finalization happens approximately 1 year after you arrive home. Please contact me if you are travelling outside of Canada. Children travelling to the US before finalization need to obtain a US visitor's Visa as they are not Canadian Citizens. Please call your local US consulate for further details.

Immigration Sponsorship

Please ensure that you have applied for Immigration Sponsorship approximately 12 months after your dossier has gone to Thailand. (I will send you details). Timelines have become a little unpredictable and we want to make sure that you have been approved to sponsor well before a referral is received. We have just learned that Immigration Sponsorship approvals expire after 2 years and so we have changed when you apply for this.

Immigration, Refugee and Citizenship Canada 1-888-242 2100
<http://www.cic.gc.ca/english/information/applications/family.asp>

Once you submit this to immigration you will receive a letter with a UCI # and Application Number on it. Please email this number to me and/or scan and email me a copy of the document. Keep the package that IRCC sends to you in a safe place, as you will need to take it to Thailand with you. Immigration paperwork must be completed well before you receive your referral.

Waiting Children Program China

We currently have one family with dossier logged in at the CCCWA in Beijing. They are considering expanding the medical conditions and age of child or withdrawing from the program. All other families have withdrawn, and some have switched to other programs.

The CCCWA continues to post new files on their shared list every month. There are currently over 3,000 children's files on the shared list but the majority of these children have high non-correctable special medical needs or are older children (mostly boys between 12 - 14 years of age). Families who are not open to expanding their age range to 12-14 years of age have been encouraged to look at other adoption options for their family.

Please note, the CCCWA is no longer sending individual children's files to agencies and all Hosting Camps have been cancelled by Civil Affairs, PR of China.

Please note, as of July 2nd, 2018 Maria Fulford will be managing the China WC Program. You can reach Maria at maria.fulford@childrensbridge.com
